YOUR FUTURE STARTS AT MONASH COLLEGE

We understand your goal is to receive the best education possible to help you succeed in your future career. From day one at Monash College, we focus on getting you ready for it. We'll teach you the skills you need to succeed at university, providing you entry to Monash University. All you need to do is meet our entry requirements, and you'll experience the same high-quality education as you will at the University, in the same supportive learning environment tailored to your needs.

OUR PROGRAMS

ENGLISH LANGUAGE

Monash English helps you succeed at university. The number of weeks you need will depend on your level of English and your chosen Monash College and University pathway.

FOUNDATION YEAR

Foundation Year is a pre-university program with guaranteed² entry into first-year undergraduate degrees for all 10 faculties at Monash University.

DIPLOMA³

Specialise from day one with a Monash College Diploma and fast-track into second-year undergraduate degrees with one of seven faculties at Monash University⁴.

¹ Monash is ranked 37th globally in the QS World University Rankings (2025).

² Entry requirements into Monash College and Monash University apply, please refer to pages 62–69 for details.

³ Entry requirements into Monash College and Monash University apply for both domestic and international students.

⁴ The majority of diploma part 2 provide a direct pathway into second year of related degrees at Monash University.

Monash University is one of the most innovative and international universities in the world, proudly ranked among the top 50 universities globally. The breadth of our academic expertise, the diversity of our student cohort, the excellence of our teaching and research, and the scale of our alumni network, all combine to provide our students with transformative opportunities and experiences.

Our international students are an integral part of the Monash community, making an important contribution to the University's diverse fabric and to wider Australian society.

For more than 30 years, Monash College has played an integral role in providing students with a world-class education and a guaranteed pathway to study at Monash University.

Monash College will equip you with the education and skills needed for your career now and into the future, while providing you with the support and friendships to prepare you for studying at Monash University.

Monash College is much more than a place of learning; it is a community where students from diverse backgrounds come together to embark on transformative journeys. It is a place that nurtures critical thinking and creativity, instilling a lifelong love for learning and a sense of responsibility towards our communities and the world.

Our graduates have gone on to successful careers, becoming leaders in their respective fields, making significant contributions to society and embodying the values instilled in them during their time at the College.

I wish you the very best for your studies and trust that you will come to look back on your time at Monash College as a formative moment in your educational journey."

PROFESSOR SHARON PICKERING

**Vice-Chancellor and President
Monash University**

SUCCESS AT MONASH UNIVERSITY

From day one, a Monash education sets you on the path to future career success.

Studying at Monash will provide you with a high-quality education that prepares you for the rapidly changing world of work.

A Monash education leverages partnerships with industry, government and alumni, as well as offering a range of opportunities to participate in work-integrated learning experiences.

Through our innovative, diverse curriculum, you'll graduate with a greater sense of purpose, a global outlook and the skills and confidence to make a positive change – to your life and the lives of those around you.

GET TO KNOW MELBOURNE

Experience studying in a city with a reputation for welcoming international students.

CAFE CULTURE

BEAUTIFUL BEACHES

GREEN SPACES

Welcome to life in Melbourne.

In Melbourne, there's always something exciting to see and do – an abundance of culture and art festivals, international sporting events, world-class cafés and restaurants with cuisines from all over the globe, and laneways, parks and beaches waiting to be explored. It's easy to see why the Australian lifestyle is so attractive.

The city has been described as having four seasons in one day, but that's all part of the charm. It's a good idea to be prepared, so pack an umbrella and a warm jacket for winter (June to August), and your sunscreen, hat and sunglasses for the summer months (December to February).

WELCOME TO OUR CAMPUS

Our Docklands campus is designed to provide you with everything you need to make your student life a success. The purpose-built 750 Collins Street facility gives you access to innovative, modern learning and teaching facilities across 10 floors, including art and design studios, science labs and music studios. You'll have plenty of breakout and informal spaces for quiet study and group assignments, as well as areas to socialise with friends.

As a city-based student, you'll be close to everything Melbourne has to offer including museums, libraries, restaurants, shopping, parkland, sporting facilities and public transport.

We welcome 6000 students every year into a safe, friendly, respectful and fun atmosphere, where you'll find everything you need to achieve your educational goals.

LIBRARY

Our library is more than just a place to borrow books and resources. Split over two levels, you'll find places to seek support from our Learning Skills Advisers and library staff. You'll also be able to take advantage of the numerous spaces to study quietly or take part in workshops.

SCIENCE LABS

A dedicated science floor on Level 10 includes 11 fully equipped laboratories, designed with the same facilities as you will find at Monash University.

Comprising both 'dry' and 'wet' laboratories, these modern facilities will provide you with a great learning environment to focus on discovery and experimentation across the sciences and to prepare you for success at Monash University.

STUDENT HUB

Level 4 is home to our Student Hub, a one-stop-shop for all student services administration, advice and support. If you have a question about your enrolment, an appointment with a student counsellor or guardian, or want to attend a drop-in session with a careers adviser, student club activity or mindfulness workshop, the Hub is the place to go. There are also male and female multi-faith rooms in the Hub.

ART AND DESIGN WORKSHOP STUDIO

On Level 5 you will experience the cutting-edge Art and Design Workshop. Our state-of-the-art studios come fully equipped with a laser cutter, 3D printers, and an array of essential tools including drill presses, band saws, and grinders, even a spray painting room. Our collaborative studios and the inspiring surroundings provide our students with a dynamic and creative space to bring their visions to life.

CAMPUS LOCATION

Monash College's location is in the heart of Docklands – located just 300 metres from Southern Cross Station and a short stroll to Melbourne's central business district. A short walk from campus, and you can be shopping at District Docklands, enjoying waterfront restaurants with views of Victoria Harbour, taking in the city or hopping on the tram to enjoy the seaside at St Kilda Beach.

And if you'd like to explore the rest of what Victoria has to offer, you're well connected with various public transport networks to get you there. Whatever you're after, you're in the right location.

Experience Melbourne the right way at Monash College.

CHOOSING YOUR ACCOMMODATION

Living in Melbourne is a big part of your student experience. From the beginning of your pathway program at Monash College right through to your degree at Monash University, there are many accommodation options to suit your needs.

You can choose to live in a student apartment in the city or try independent living by renting. That's why it's important to choose the accommodation option that best suits your living and learning preferences.

We also have a range of Monash College-approved accommodation providers close to our Docklands campus that are suitable for all students, including those who are under 18 years of age.

Our approved accommodation providers, such as Scape, offer secure, apartment-style living with lots of student facilities. All rooms are fully furnished and staff are available 24 hours a day to provide help and support.

Living with a local family arranged by our approved Homestay provider is another option for you to consider.

For more information on our city apartment providers, please see pages 14-15 or monashcollege.edu.au/accommodation

HOW TO CHOOSE THE RIGHT ACCOMMODATION

Are you under 18?

If you're under 18 years of age when you first arrive, you'll need to stay in an approved accommodation for underage students. Our approved accommodation options are suited to younger students and offer more support and security.

monashcollege.edu.au/under-18

What experience are you looking for?

The type of experience you want to have will be an important factor in your decision making. Consider what is important to you: whether you'd like to share facilities like a kitchen or prefer to be independent and live on your own, and whether you want to live with other students or a local family.

If you choose to rent a property, please do your research. With the increase in cybercrime and phone scams, we want to make sure that you don't fall victim. It's important that you protect your personal information and practice cybersafety. It's best that you book directly with a Monash College-approved accommodation provider, who will already have undergone vetting. If you prefer to make your own accommodation arrangements, take care of your physical and online security. Listen to your instincts, especially when something is too good to be true. If in doubt, our friendly team is here to help you.

monashcollege.edu.au/contact-us

SCAPE

Living at Scape puts you in the heart of Melbourne where you'll never miss a beat! Close to everything you need, from some of Melbourne's most famous laneways to shopping and dining districts, Scape is the comfort zone where you can feel secure to step outside of yours.

Scape has created the best place to live and learn for students. They offer residents a specialised team available 24/7 to keep students feeling safe, supported and at home.

Buildings are designed to give students the perfect balance between privacy, amenity and an incredible social and welcoming lifestyle.

If it's your first time living out of home, Scape provides a safe environment allowing you to feel supported during your next great adventure!

Scape is located at 5 Little La Trobe Street in the centre of Melbourne

Scape Queensberry is located at 599 Swanston Street in the vibrant suburb of Carlton

Conveniently located in the CBD, Monash College's campus is only minutes away by train and bus and free tram within the CBD.

Studio rooms, air conditioning and heating, gym and laundry, communal lounge and kitchen, linen service, unlimited high-speed internet, 24/7 reception, entertainment zone, rooftop terraces, cinema room and Scape shuttle bus

www.scape.com/en-au

JOURNAL STUDENT LIVING

Journal gives students a unique and authentic Melbourne-living experience that's safe, supportive and social. Journal has two central locations and offers stylish studios and shared apartments, all with kitchens and private bathrooms. Students also enjoy multiple indoor and outdoor common spaces and have an outstanding community life program which is designed to introduce students to each other and help with your transition to Melbourne.

 Uni Place – 18 Leicester Street, Carlton

 Conveniently located in the CBD, Monash College's campus is only minutes away by train, tram and bus networks

 24/7 reception, onsite café, double-level study, outdoor gardens, rooftop terraces, entertainment zone, communal lounge, kitchen, cinema, gym and laundry, unlimited high-speed internet

www.journalstudentliving.com.au

IGLU

Iglu is a space purpose-built for cool student living, offering support when you need it and independence when you want it. With a combination of cool designer living spaces, first-class facilities and 24/7 onsite support, students can enjoy a safe and nurturing environment designed to support them and let them live their best student life.

 Melbourne City – 229 Franklin Street, Carlton

 Conveniently located in the CBD, Monash College's campus is only minutes away by train, tram and bus networks

 Complimentary breakfast, unlimited high-speed internet, study areas, gym and laundry, courtyards, communal kitchen and lounge, BBQ area, cinema, entertainment zone, 24/7 onsite support

www.iglu.com.au

 Food  Single room  Under-18  Shared room  Utilities included: internet, electricity, water

INDEPENDENT LIVING

Renting

If you're over 18 years old, you can rent your own place or share with friends. There are many rental properties in Melbourne close to the Monash College campus. Choose a place that's close to campus, and make sure you visit the property before you sign the lease or pay a deposit.

This is a good option if you're comfortable living on your own or have lived in Melbourne for a while.

Properties in Melbourne may be unfurnished, partially furnished or fully furnished. Telephone, internet and electricity costs are generally not included, so you'll have to allow for them in your budget

UNDER-18 GUARDIANSHIP SERVICE

At Monash College, we understand that it can be hard to leave home and adjust to a new country. That's why we have a dedicated Under-18 Guardianship team that specialises in supporting younger students to settle into life in Melbourne. By offering our guardianship service, we're confident our students receive the best possible care and support.

monashcollege.edu.au/under-18

HERE'S HOW IT WORKS

1

Apply for Monash College

Once you receive an offer for Monash College, you'll be sent an under-18 guardianship and accommodation form that must be completed and submitted when accepting your offer.

5¹

Meet your guardian

Before you arrive, you'll receive an email introducing your guardian. This email will also provide information to help you with your first few weeks in Melbourne. You'll receive important information about airport transfers, enrolment and orientation.

2

Select your preferred guardian option

Every student under 18 needs to have a guardian – someone who's responsible for you until you turn 18.

Your guardian can be:

- a Monash College under-18 guardian
- a parent or relative approved by the Department of Home Affairs.

6¹

Ongoing support

Throughout your time at Monash, you'll meet your guardian every two weeks, or more often if you need to. Your guardian will help you with:

- organising your orientation
- opening a bank account
- arranging medical appointments
- support during emergencies
- speaking to your teachers to keep track of your attendance and academic studies
- updating your parents as requested.

3

Choose your accommodation

Before you arrive, we'll also need to approve your accommodation. You can choose to live:

- with a person who's your Department of Home Affairs-approved guardian
- at approved off-campus student accommodation
- with a Monash-approved homestay family.

7¹

Turning 18

When you turn 18, you'll no longer need a guardian or have to live in Monash-approved accommodation. This is an exciting time, and your guardian will help you plan ahead and prepare for this transition. At this time, we'll help you identify the Monash College teams who'll support you until you enter Monash University.

4

Complete the under-18 guardianship and accommodation form

Once you've selected your guardian and received confirmation of approved accommodation, you'll need to complete the form and return it along with Part B of your offer letter to confirm your place. When we've approved your form and received your deposit, we'll send you the Confirmation of Appropriate Accommodation and Welfare and Confirmation of Enrolment letters so you can arrange your student visa.

¹ Only applicable to students who are registered with Monash College's under-18 guardianship service.

ENJOY THE JOURNEY

Your Monash College life isn't just about study and learning. It's about meeting people, making lifelong connections, participating in different activities and having fun. If you find the right balance between study and relaxation, you're more likely to succeed, so make sure you get involved. The Student Engagement team arranges a number of on-campus and off-campus events and day trips, and provides you with general advice and support during your time at Monash College.

Orientation

No matter what pathway program you're studying at Monash College, each one has its own tailored orientation program. During orientation, you'll receive information about Monash College and your chosen course. There are also lots of great opportunities for you to meet fellow students and to create lasting friendships. Orientations often include activities such as student fairs, team-building activities, excursions and much more!

Leadership opportunities

Become a student leader among your fellow classmates. You'll receive training to develop the communication and leadership skills that will help you in your future career. You'll also have the opportunity to attend conferences and take part in leadership opportunities, guided by the Student Engagement team.

Student clubs and societies

Monash College's clubs and societies are organised by students, for students. Whatever you're interested in – academic, cultural and spiritual, or special-interest clubs – we have something for you. Monash College students can also join a range of Monash University clubs.

monashcollege.edu.au/clubs

monash.edu/students/campus-life/clubs

On-campus events

Monash College hosts regular social events to encourage interaction and inclusiveness. Take part in the activities and celebrations that make up Melbourne's multicultural community, such as Lunar New Year, Harmony Day, Easter, Eid Festival, Diwali and Halloween. Other events throughout the year include mental health and wellbeing days, and movie nights.

Off-campus events

Monash College also arranges the opportunity for you to visit popular Melbourne attractions and events, including the Australian Football League (AFL) games, Melbourne Skydeck, Dandenong Ranges and the Melbourne Zoo.

Recreation program

As a Monash College student, you have access to a range of on and off-campus activities. It's an easy way to meet other students and have fun making new friends while seeing the sights of Melbourne and Victoria.

THE BEST YOU

Our commitment is to support you to achieve your best. To help you along the way, our dedicated learning and career support services are available to make sure you're on the right path to Monash University. For more information, visit monashcollege.edu.au/student-support

Academic and learning support:

- Learning Skills Advisers can help you prepare for your assessments.
- Additional support with Mathematics and English.
- Regular drop-in sessions as well as group and one on one consultations.
- Academic workshop sessions for additional support outside of the classroom.
- A range of free online resources.
- Organised peer support sessions where you can learn from your peers and classmates.
- Questions? Our student administration team can assist you with enrolments, fees, exam dates and attendance.

WEEKLY DROP-IN SESSIONS

Come and talk to us about anything that's on your mind. Students ask us about their health insurance, accommodation and studies – or even how to use their myki (travel card for local train, tram and bus). Remember, we're always here to help.

YOUR MATHS SUCCESS

Everyone comes to the College with different maths strengths and weaknesses, and each discipline has different maths requirements. That's where we can help – we'll identify where you are on your maths journey, with personalised Needs Analysis testing that will provide you with your individualised Maths Profile. And from here we know exactly where you need to go (based on your future studies and career objectives) so we can take you on the journey that you require, to reach the destination that you desire.

WELLBEING AND SAFETY

To be a successful student, you need to feel supported in all areas of your life. That's why your health and wellbeing is a priority at Monash College. If you have problems or concerns, our professional staff will give you the help and support you need to ensure your wellbeing. For more information, visit monashcollege.edu.au/student-support

Course and career support

Now is the perfect time in your life to discuss course and career options for your future. When you start your course, you may have questions about what degree to study and what careers it can lead to.

Careers Advisers are here to make sure you leave Monash College and embark on your University journey with a career plan tailored for you. Talk to them about:

- course and career advice
- subject selection
- leadership and volunteering options
- scholarship applications
- applying for a part-time job.

Counselling

Student counsellors offer free, confidential counselling to help you with personal, academic or emotional challenges. If you're feeling lonely, homesick, stressed, anxious or sad, it helps to talk to someone. Our counsellors are here for you to help choose strategies to solve the problems you're facing or cope better with the difficulties you're experiencing in your life.

Safety

While Melbourne is considered one of the most liveable cities¹, your safety and security is of paramount importance to us. The Monash College campus is monitored by security officers. We provide our students with the right information to make sure students are safe in our city while settling into Monash College.

After-hours support is available to all Monash College students. Whether you've lost your wallet, been locked out of your accommodation, or you're not sure how to get home, help is available.

¹ Economist Intelligence Unit (2019).

CHOOSE YOUR MONASH COLLEGE PATHWAY

Monash College offers two academic pathways into Monash University undergraduate degrees: Monash University **Foundation Year** and Monash College **Diplomas**. All you need to do is decide which one is best for you.

BOTH OPTIONS:

- provide guaranteed entry into Monash University¹
- demonstrate our student-centred teaching style
- have multiple intakes a year to align with your high school exams
- use technology to make learning more interesting and practical
- have proven success in developing high-performing graduates.

BENEFITS OF THE FOUNDATION YEAR PROGRAM:

- Flexibility to choose your subjects.
- English is the only subject prerequisite for entry into the program¹.
- Change your destination degree at the end of the program.
- Enter into first year of all 10 faculties at Monash University¹.
- It's the only Monash pathway into degrees in Medicine, Nursing and Health Sciences, Pharmacy and Law.

BENEFITS OF THE DIPLOMA PROGRAM:

- Specialise from day one – only study subjects related directly to your University degree.
- Flexible entry points.
- Fast-track your studies by studying three trimesters a year.
- Direct pathway into second year of related degrees^{1,2}.

¹ Foundation Year offers international students guaranteed entry into the first year of Monash University for a range of related undergraduate degrees. Diploma offers both domestic and international students guaranteed entry into second year of Monash University for a range of undergraduate degrees. Entry requirements to Monash College and Monash University apply, please refer to pages 62 – 69 for details.

² Majority of diplomas part 2 provide a direct pathway into second year of related degrees at Monash University.

1

First, think about what you want to study at university. Align your interests with a Monash University degree.

2

Assess your Monash College pathway options (into Monash University) and decide which one suits you best.

3

Once you've decided on your pathway, check the entry requirements for Monash College (page 62).

4

MEET REGINE THIS IS HER MONASH COLLEGE PATHWAY:

2016
DIPLOMA OF ART
AND DESIGN

2017
BACHELOR OF DESIGN

NOW
FREELANCE DESIGNER

Monash College gave me confidence in my work and myself, as well as all the theoretical knowledge and components you acquire throughout your learning. Monash presented me with many opportunities to discover my strengths and explore different pathways into my career.”

REGINE ROCERO (AUSTRALIA)

MEET KAI

THIS IS HIS MONASH COLLEGE PATHWAY:

2012
DIPLOMA OF ARTS

2013
BACHELOR OF ARTS (BEHAVIOURAL STUDIES AND COMMUNICATIONS)

2018
MASTER OF SOCIAL WORK

NOW
CLINICAL ADVISOR AT COUNTY COURT OF VICTORIA

I've always had a strong interest in both human behaviour and communication studies. Monash College was the perfect pathway to my Monash University degree – a Bachelor of Arts. Monash College was the foundation for my academic journey and also helped me integrate into the Australian lifestyle. It was also the perfect place for me to learn how to engage with people from all over the world.”

KAI YAN (CHINA)

MEET LEAH

THIS IS HER MONASH COLLEGE PATHWAY:

2015
FOUNDATION YEAR

2016
BACHELOR OF ARTS

2019
MASTER OF TEACHING IN SECONDARY EDUCATION (ACCELERATED)

NOW
HUMANITIES AND COMMERCE TEACHER AT CAULFIELD GRAMMAR SCHOOL

Studying Foundation Year at Monash College provided me with the opportunity to explore a range of different subjects that I'm interested in, which helped me to get a better idea of my future academic pathway and develop the knowledge needed for my study at Monash University.”

LEAH LIU (CHINA)

ARTS, HUMANITIES AND SOCIAL SCIENCES

If your ambition is to explore the world of ideas, cultures and places in an environment where you'll be inspired, supported and challenged, then Monash Arts is the place to be. Flexible course structures mean you can make the most of exploring the amazing opportunities on offer, such as studying overseas, internships, field trips, double degrees, and leadership, career and volunteering programs. With over 40 areas of study to choose from, your future career opportunities are endless.

ENGINEERING

Great engineers are so much more than just their skills – they're planners, leaders, team players and communicators. At Monash, our engineering courses produce highly skilled engineers who are ready for life, work and the world. Engineers are key to the development of society and solving the challenges faced by the planet, such as climate change, natural resources depletion, food shortages and increased energy demands.

YOUR FUTURE IN LAW

A Monash law degree offers you a practical way to make a real difference in the world. Ranked in the top 40 law schools in the world¹, we're one of the largest and most prestigious law schools in Australia.

At Monash College, we guarantee our students a place in the clinical legal education program to build their knowledge, experience, and confidence. This guarantee is for all students who wish to incorporate a practical component credited towards their Monash law degree. We are the first law school in Australia to offer a guarantee like this for our students. This reflects our belief in the transformative effect of experiential education.

PHARMACY AND PHARMACEUTICAL SCIENCES

As the global population grows and ages, and as medicines become more complex, the need for pharmacists and pharmaceutical scientists increases. They play a vital role in improving the health of our communities. Whether your interest is in inventing, developing and researching new medicines, or in helping patients get the best out of their medicines, you'll have the opportunity at Monash to learn from internationally renowned scientists and educators.

YOUR FUTURE IN SCIENCE

We're facing a wide range of complex challenges – environmental pressure, climate change, booming population and an ever-changing technological, economic and social landscape. With a Monash Science or Applied Data Science degree, you'll become a future innovator, creating solutions that could change the world. Your time at Monash will be filled with lab work, field trips and industry placements. You could find yourself on a field trip searching for fossils in Antarctica, or developing a new life-saving vaccine – the possibilities are endless.

Prepare for success at Monash University with direct entry into undergraduate degrees in all 10 faculties.

Monash University Foundation Year is a pre-university program with proven success in preparing international students for Monash University. As a Foundation Year student, you'll develop your academic and English skills to the level expected of Monash University students, while studying subjects that prepare you for your future undergraduate course.

Our supportive environment and dedicated teaching and support staff will guide you each step of the way, helping you to achieve your academic potential.

monashcollege.edu.au/foundation-year

STANDARD PROGRAM

(12 months)¹

CRICOS code: 071178G

Intakes: January and July

The Standard Foundation Year Program is the most popular among our students. It offers the widest range of subject choices, helping you to enter all 10 Monash faculties. After successfully completing the Standard Program and achieving the set requirements, you'll have guaranteed entry into first year at Monash University.

Foundation Year is taught over two semesters. Each semester you'll complete a minimum of four units (including English, which is compulsory). You'll also have the option to complete a bonus unit each semester, which could help you increase your final score.

INTENSIVE PROGRAM

(10 months)¹

CRICOS code: 071180C

Intakes: March and August

If you have strong English language skills and high academic marks, you could choose to enrol in our accelerated semester 1 Intensive Program, delivered over 11 weeks with no final exams. You'll complete four units – English and three electives. Then, in semester 2, you'll join your classmates in the Standard Program, completing four units – English and three electives – with the option of adding a unit for bonus marks.

Subject options in semester 1 are limited, but will allow you to satisfy the prerequisites for all destination degrees.

EXTENDED PROGRAM

(18 months)¹

CRICOS code: 072824G

Intakes: March and August

The 14-week extended semester gives you additional support in the areas of Maths, Science and English. This option is recommended for those who don't have a strong background in these subjects or who are looking for additional academic support.

During the extended semester, you'll complete four extended units to build your confidence and academic skills. These units don't contribute to your final score, but will prepare you for success when you enter the Standard Program.

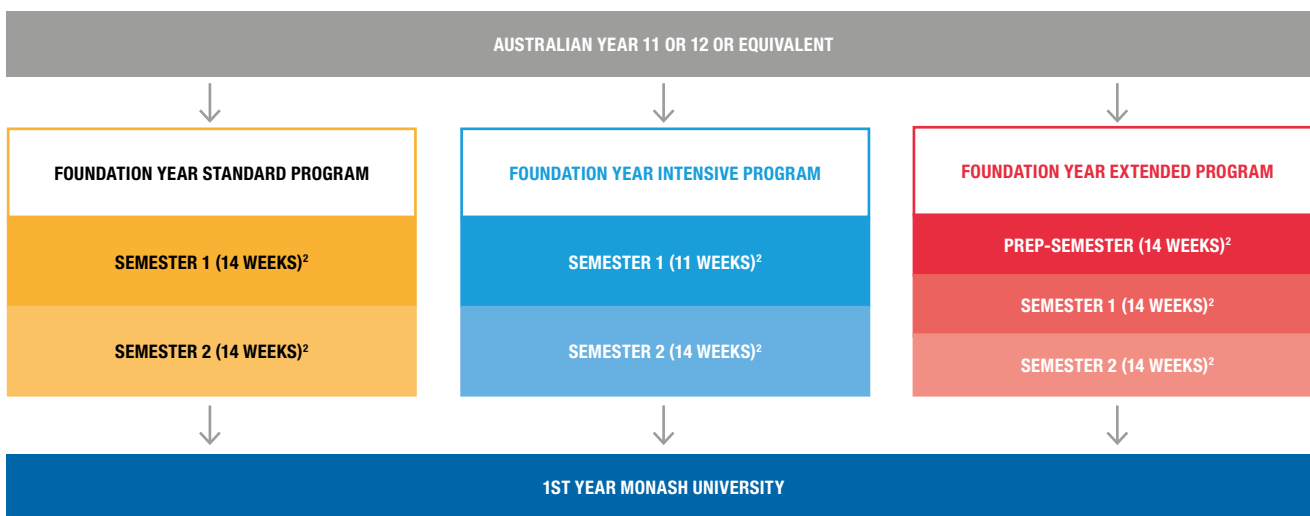

Note: Please refer to pages 62 – 65 for Foundation Year academic entry requirements.

1 Depending on intake.

DID YOU KNOW?

Our student-centred teaching style enables you to experience a blended learning environment. You'll also have access to a team of experts to support you, including Learning Skills Advisers, Student Counsellors, Careers Advisers and library staff. The Foundation Year program is designed to prepare you for a successful transition to Monash University.

WHAT YOU’LL STUDY

We offer 13 subjects as part of the Foundation Year program. Each subject is offered in two parts:

- unit 1 introduces you to the subject area and key themes
- unit 2 expands your knowledge and understanding.

To successfully complete Foundation Year, you must complete:

- units 1 and 2 of English (compulsory subject)
- units 1 and 2 of at least two other subjects
- two additional units (stand-alone units or paired subject units).

Each subject has a set of learning objectives aligned with the requirements for Monash University undergraduate degrees. Our curriculum combines essential theory and practical knowledge with the four skills critical to your future studies and your career: critical thinking, problem solving, communication and collaboration. Please refer to pages 45 – 47 for subject overviews.

4 ENGLISH ELECTIVE 1 ELECTIVE 2 ELECTIVE 3 **+1** BONUS ELECTIVE (OPTIONAL)

Assessments

Assessments take place throughout both semesters to provide you with regular feedback about how you’re progressing with your learning, your areas of strength, and those that need improvement. Assessments are a combination of assignments, tests, class participation, presentations, lab investigations and reports. For most units, assessments make up 70 per cent of your final mark and 30 per cent will be based on your final exam or project. By week three, you’ll have completed your first assessment. Based on your results, your teacher will help you identify areas of strength and those that need improvement.

² Excludes exams, SWOT and breaks.

HOW DO I CHOOSE MY SUBJECTS?

You'll need to choose your subjects before you start. Here are some key points to consider:

1. You must study English.
2. You can choose three or four other subjects each semester.
3. Check the prerequisites of your destination degree. See page 66.
4. Consider studying a mathematics subject. This will give you more options to study Monash University degrees.
5. Confirm your subject selection during orientation with helpful advice from our Career Advisors.

FOUNDATION YEAR SUBJECTS

The Foundation Year offers 13 subjects for you to choose from. For full subject outlines, visit monashcollege.edu.au/foundation-year-subjects

ENGLISH (COMPULSORY)

English develops your language, research, organisational and study skills to prepare you for tertiary education in Australia. You'll learn how to speak confidently, listen, understand and analyse ideas, and become a strong reader and writer of academic English.

ENJOY A MUSICAL BOOST TO YOUR FOUNDATION YEAR

As part of Foundation Year, Monash College offers Music as an academic subject. For those who already have a strong musical ability, this could be a great opportunity to boost your results while channelling your passion. The subject provides additional tuition to improve your skills, and our campus has fantastic music facilities. Our practice rooms are available for you to use at any time, and they suit almost any instrument and vocalist.

Studying music at Monash College helps me continue my passion for violin and might even earn me a place in the Monash University Orchestra.”

JIE YU TAN (MALAYSIA)

Student

BUSINESS

Accounting³

Accounting is the process of collecting and recording financial data in order to report meaningful financial information. It plays an important role in the successful operation and management of any business. To be successful, accountants need to be problem-solvers, critical thinkers, communicators and organised individuals.

Economics³

Economics is the study of making choices about resources. We have limited resources, and they need to be allocated to satisfy people's needs and wants. Economics is critical to understanding why individuals, businesses and societies behave the way they do. How and why economic decisions influence national and worldwide living standards. You'll develop an understanding of both microeconomics and macroeconomics.

MATHEMATICS

Fundamental Mathematics

Fundamental Mathematics develops the mathematical skills relevant for future study and careers across a variety of sectors. There's a focus on understanding the world through patterns and relationships, development of financial skills, and data analysis.

PREREQUISITE FOR BUSINESS, EDUCATION, INFORMATION TECHNOLOGY, NURSING

Mathematics³

In this subject, you'll develop the critical, logical and communication skills to solve real-world problems using higher-order mathematical concepts. Topics covered include functions, inverse functions and graphs, derivatives, integration, probability and statistics.

PREREQUISITE FOR APPLIED DATA SCIENCE, BIOMEDICAL SCIENCE, COMMERCE, COMPUTER SCIENCE, ENGINEERING, PHARMACY, PHYSIOTHERAPY, RADIATION SCIENCES (INFORMATICS)

Advanced Mathematics³

In this subject you'll learn to explore, explain and link essential mathematical concepts by applying sophisticated mathematical techniques. Topics include trigonometry, complex numbers, matrices, vectors, conics, differentiation and integration techniques, differential equations, kinematics and vector calculus. To study Advanced Mathematics, you must also study Mathematics or have already passed Mathematics.

Did you know you can boost your Foundation Year score with Advanced Mathematics? If you successfully complete Advanced Mathematics unit 1 and 2 in your Foundation Year you will receive an additional five marks towards your final Foundation Year score when transitioning to a Bachelor of Engineering (Honours) or an Engineering associated double degree¹.

RECOMMENDED FOR APPLIED DATA SCIENCE, ENGINEERING

Note: You can't study both Fundamental Mathematics² and Mathematics, or Fundamental Mathematics and Advanced Mathematics.

Through studying Advanced Mathematics, I'm building my self-confidence (and my patience!) when I successfully solve a hard question. This will help me to set up and finish my study at Monash University."

YI YINGYAO (CHINA)
Student

¹ This process does not apply to other Monash undergraduate courses. The additional points will not be reflected on student transcripts and admissions will apply the bonus points when issuing offers.

² Students can satisfy the MUFY Fundamental Mathematics prerequisite required for some courses by successfully completing either 'Mathematics (MUF0091) and Fundamental Mathematics (MUF0142)' OR 'Fundamental Mathematics (MUF0141) and Fundamental Mathematics (MUF0142)' and achieve the required overall score stated on pages 66-67.

³ Bonus Points: Up to four bonus points (counting towards your final total MUFY score) can be obtained by Business students who undertake unit sequences in Accounting, Economics, Mathematics and/or Advanced Mathematics and obtain a minimum grade threshold of 60%.

Global studies is basically about how this world works and during the class we are encouraged to work as a team and discuss the current world issues together.”

ZHONGYU PAN (CHINA)

Student

HUMANITIES AND MUSIC

Contemporary Issues

This course will open your mind to your role as a citizen of the world, especially in the areas of health and sustainability. You'll develop your critical thinking and problem solving skills, learn how to be a critical consumer of the media and how to use reasoning to build arguments.

Global Studies

Global Studies helps you understand the economic, political and cultural links that connect people and countries around the world. You'll explore events, issues and influences that have increased interactions between countries. You'll also learn how different countries react towards globalisation, and the forces that influence it.

Music

You'll perform, create and study music from a range of periods and genres. Instrumentalists will study baroque, classical, romantic and 20th century music, while vocalists will focus on folk, jazz, pop and musical theatre. You'll perform technical works and develop solo and ensemble performing skills while also learning the history of music and music theory. To choose Music as a subject, you should have a practical instrumental level of Grade 6 ABRSM or equivalent, and be able to read music. In addition, students receive individual lessons with their dedicated instrument.

DID YOU KNOW?

Monash College Peer Mentors program provides the opportunity for students to build their study skills with advice from more experienced and friendly students, in a relaxed environment. Foundation Year (FY) Peer Mentors support students in FY subject-based learning and general skills to better manage their own learning. Our Study Skills Mentors support all students in areas such as time-management, Google suite, making presentations, effective use of Moodle and other study-related areas. The Peer Mentors also assist in Orientation activities, Learning Skills workshops, English language development and promotional activities. They receive training in the role, build their own leadership and communication skills and have fun getting to meet another team of students. They are rewarded with certificates in a special recognition event. Everyone benefits from Peer Mentoring.

SCIENCE AND TECHNOLOGY (WITH DEDICATED LABORATORIES)

Biology^{1,2}

Biology is the study of living things. You'll gain an understanding of the natural world and the role humans play within it. This course explores the structure and function of cells and organisms, how they respond to their environments, and how living things evolve.

SCIENCE, RADIOGRAPHY AND MEDICAL IMAGING

Chemistry²

Chemistry involves understanding the structure and properties of matter. You'll develop your knowledge of fundamental concepts such as atomic structure, bonding, states of matter, equilibrium and thermochemistry. Building on this knowledge, you'll then investigate the development of new medicines, energy sources and materials for a sustainable future.

MEDICINE, NURSING, HEALTH SCIENCES,
SCIENCE, PHARMACY, ENGINEERING

Physics²

In Physics, you'll learn about the laws governing the universe, covering topics such as the laws of motion, forces, energy, momentum, circular motion, gravitation and the properties of materials. Physics is an experimental science, and you'll participate in laboratory work. Further studies cover how light, waves, electricity and magnetism behave, and atomic and nuclear physics.

RADIOGRAPHY AND MEDICAL IMAGING, SCIENCE,
PHYSIOTHERAPY, ENGINEERING

Information and Communication Technology (ICT)

In Information and Communication Technology, you'll convert data into information using a range of software applications. Projects include game creation, film-making and multimedia presentations.

1 Bonus points for Pharmacy Faculty courses: Students who successfully complete MUFY Biology (unit 1 and 2) with a score (65%) average or above, will be awarded an additional two points to count towards their final total MUFY score. This process does not apply to other Monash undergraduate courses.
2 This is a prerequisite subject for the listed degrees.

Physics is considered to be a challenging subject but here at Monash College I've found the teachers to be very helpful. Every time I have a question or difficulty they are ready to help me."

KONSTANTINA SIDERI (GREECE)

Student

Intensive: If you have strong English language skills and high academic marks, you could choose to enrol in our accelerated semester 1, completing four units. Then in semester 2, you'll join your classmates in the standard program.

Extended: The 14-week extended semester provides additional support in the areas of maths, chemistry and English, recommended for students who don't have a strong background in these subjects or require additional academic support. These units don't contribute to your final score but will prepare you for success when you enter the standard program.

INTENSIVE UNITS

Choose from:

- Accounting
- Biology¹
- Chemistry
- Economics¹
- English (compulsory)
- Global Studies
- Information and Communication Technology¹
- Mathematics or Fundamental Mathematics.

EXTENDED UNITS

Choose from:

- A Digital World¹
- Business Enterprise
- Chemistry and Life
- Extended English (compulsory)
- Foundations for Calculus or Mathematics in Context (compulsory)
- Ideas and Communication (compulsory).

1 Subject to student numbers.

DIPLOMAS

 Second year
Monash University

 Docklands

 Australia, and offered by
Monash College's International
Partners in Bangladesh,
Indonesia, Sri Lanka, and China

 Part 1: 9 months¹
Part 2: 4 to 12 months¹

 February, June, October

 Four to seven hours a week,
per unit

 A\$32,400 to A\$38,400
(2024 fees p.a.)
Based on Diploma part 2;
subject to change. See page 72.

Specialise from day one with a Monash College Diploma and fast-track to second year of Monash University.

DIPLOMA

Our Diploma part 2 programs offer international students guaranteed entry into second year of their preferred Monash University undergraduate degree. All you need to do is pass all of your units and meet the set entry score and subject prerequisites.

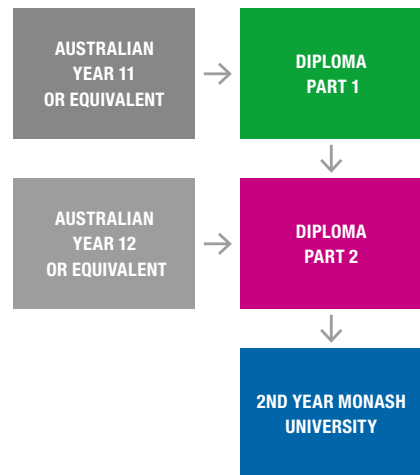

We offer seven diplomas leading to degrees in:

- Art, Design and Architecture²
- Arts, Humanities and Social Sciences
- Business and Commerce
- Education (double degrees with Arts, Business and Science only)
- Engineering
- Information Technology
- Science.

Course structure

The Diploma Program is offered in two parts – part 1 and part 2. Where you start will depend on your academic results.

Note: Please refer to pages 62 – 65 for Diploma program academic entry requirements.

DOMESTIC STUDENT:

If you are a domestic student, you can study a Monash College diploma. Visit monashcollege.edu.au/how-to-apply/domestic-students for further information.

¹ The duration will depend on the program and its start date.

² Upon completion of one trimester of part two, you'll enter first year (second semester) of Monash University Fine Art or Architectural Design.

Curriculum

What you study during the Diploma is directly related to what you'll study during your degree course. Part 1 will introduce you to the theories and concepts required for your part 2 studies. In part 2 you'll study the same units as first-year university students and complete equivalent assessments.

Teaching style

The style of teaching at Monash University may be different to what you're used to. As a diploma student, you'll study in a supportive college environment. You'll have access to your teachers and resources outside of class.

Lectorials

Learn about a topic by listening to your lecturer presenting the content and asking you questions. You'll be expected to interact during the session by participating in online polls and activities.

Tutorials

Apply the knowledge you've learnt in a classroom format. Your teacher will lead the discussion and ask questions. You'll work on individual projects and complete group activities.

Laboratories

Solidify your learning through practical lab classes. Science students have access to chemistry, physics and biology laboratories. We also have computer laboratories within Monash College facilities for art and design, engineering and IT students.

Assessments

Your assessments will be different depending on which diploma you study. For each unit, you can expect to complete a series of assessments, presentations, an exam and group or individual assignments.

For a full list of assessments, download the unit guide for your chosen diploma on the Monash College website: monashcollege.edu.au/diploma

Transition to Monash University

As a diploma student, you'll have opportunities to meet a representative from your future Monash faculty and ask questions. You'll also have access to on-campus Career Advisors who can help with your decision making.

DIPLOMA OF ART AND DESIGN

CRICOS code: 045084G

Our Diploma of Art and Design prepares you for a course in Fine Art, Architecture or Design at Monash University. After successfully completing a Monash College Diploma, meeting the subject prerequisites and achieving the required destination course score, you'll have guaranteed entry into second year at Monash University.

You have a choice of five streams, depending on which course you'd like to study at Monash University:

- Architectural Design
- Communication Design
- Fine Art
- Industrial Design
- Spatial Design

In part 1, you'll develop the requisite skills in art and design principles, theory and production. In part 2, you choose your stream and study the same units as first-year University students.

Assessments: essays, in-class tests, projects and presentations.

monashcollege.edu.au/diploma-art-design

Course structure

PART 1	SAME FOR ALL STUDENTS				9 MONTHS
TRI 1	Drawing A	Art and Design Theory A	Visual Arts	Introduction to Academic Communication	
TRI 2	Drawing B	Art and Design Theory B	Principles of Design	Elective	

Choose your specialist stream

PART 2	FINE ART				4 MONTHS
TRI 1	Fine Art Studio 1	Drawing C	Art and Design Theory C	EITHER Painting Introduction <i>OR</i> Photography	Intro Art and Design Health and Safety (non-credit point unit)

OR

PART 2	ARCHITECTURAL DESIGN				4 MONTHS
TRI 1	Architecture Studio 1	Architecture Communications 1	Art and Design Theory C	Intro Art and Design Health and Safety (non-credit point unit)	

OR

PART 2	COMMUNICATION DESIGN / INDUSTRIAL DESIGN / SPATIAL DESIGN				9 MONTHS
TRI 1	Collaborative Design Studio 1	Art and Design Theory C	Drawing C	Intro Art and Design Health and Safety (non-credit point unit)	
TRI 2	Communication Design Studio 2 ¹	Art and Design Theory D	Choose an elective: • Architecture Communications 1 • Illustration • Product Drawing		
	Industrial Design Studio 2 ¹				
	Spatial Design Studio 2 ¹				

¹ This unit can also lead into a collaborative design major.

Monash College Diploma of Art and Design helped me gain lots of insights into all the design industries. I experienced various techniques and materials through different projects. Moreover, the projects enable students to express and develop their own art style.”

DIPLOMA OF ARTS

CRICOS code: 061625F

The Diploma of Arts is your pathway to an Arts course at Monash University. If you're inspired by new ideas, social and political issues, language and the way literature, history and communication shape our world, then our Diploma of Arts is right for you.

In part 1, you'll study core arts subjects. In part 2, you'll choose your stream and study the same subjects as first-year University students.

- **Psychology stream** – for students who would like to complete a major in Psychology or Criminology.
- **Sociology stream** – for students who would like to major in Arts or Global Studies or Politics, Philosophy and Economics.
- **Media Communication stream** – for students who would like to major in Media Communication or Digital Media and Communications.

Assessments: essays, group projects, presentations, research papers and a final exam.

monashcollege.edu.au/diploma-arts

Course structure

PART 1	SAME FOR ALL STUDENTS				9 MONTHS
TRI 1	Media Studies A	Introduction to Journalism	Data Analytics	Introduction to Academic Communication	
TRI 2	Media Studies B	Introduction to Psychology	The Modern World	Intercultural Business Communication	

Choose your specialist stream

PART 2	SOCIOLOGY STREAM				9 MONTHS
TRI 1	Academic Writing	Media and Culture	Origins of Globalisation	Introduction to Sociology	
TRI 2	Professional Writing	Communications and Society	Challenges of Globalisation	Big Ideas for Better Futures	

OR

PART 2	PSYCHOLOGY STREAM				9 MONTHS
TRI 1	Academic Writing	Media and Culture	Origins of Globalisation	Psychology 1A	
TRI 2	Professional Writing	Communications and Society	Challenges of Globalisation	Psychology 1B	

OR

PART 2	MEDIA AND COMMUNICATIONS STREAM				9 MONTHS
TRI 1	Academic Writing	Media and Culture	Origins of Globalisation	Either Media Challenges or Communicating in the Digital Era	
TRI 2	Professional Writing	Communications and Society	Challenges of Globalisation		

INTERESTED IN COMBINING YOUR DIPLOMA OF ARTS WITH EDUCATION?

Complete an Education stream as part of your Arts Diploma and you could be on your way to a double degree in Education and Arts. See page 53.

monashcollege.edu.au/diploma-education

I want to be a journalist at the front-line. I want to change the world even with my small effort. That's my dream. I have already received the offer from Monash University, so after I graduate from this semester, I can directly go to the second year of the Bachelor of Media Communication."

DIPLOMA OF BUSINESS

CRICOS code: 043633M

The Diploma of Business is your first step towards gaining your Monash Business or Commerce degree. You'll learn how to work independently, think critically and make analytical decisions, while being introduced to the business concepts and theory you'll need for University.

There are two streams on offer:

- **Business stream** – popular with students who are interested in a business course majoring in banking and finance, marketing and accounting.
- **Commerce stream** – requires a higher level of mathematics and leads to majors in areas such as economics, finance, actuarial studies and accounting.

In part 2, you'll study the same subjects as first-year University students and develop your specialist knowledge of business or commerce.

Assessments: business reports, class presentations, regular tests, group assignments and a final exam.

monashcollege.edu.au/diploma-business

Course structure

PART 1				9 MONTHS
TRI 1	Accounting for Business	Introductory Economics	Data Analysis	Introduction to Academic Communication
TRI 2	Introduction to Marketing	Introductory Law	Intercultural Business Communication	Introductory Mathematics for Business (Business stream) OR Applied Mathematics (Commerce stream)

PART 2				9 MONTHS
TRI 1	Microeconomics	Business Statistics	Managing People and Organisations	Marketing 1: Theory and Practice
TRI 2	Business Law	Foundations of Finance	Accounting for Managers OR Introduction to Financial Accounting	Choose an elective: <ul style="list-style-type: none"> • Macroeconomics • Managerial Communications • Marketing 2: Buyer Behaviour • Business Mathematics (Business stream)¹ • Functions and their Applications (Commerce stream)¹ • Introduction to Programming

¹ This unit is compulsory for students who've entered the Diploma of Business on a lower Mathematics prerequisite.

DID YOU KNOW?

When you package the Diploma of Business with the Bachelor of International Business, you could be ready to start your career in just two years! monash.edu/bib

Complete an Education stream as part of your Business Diploma and you could be on your way to a double degree in Education and Business. See page 53.

monashcollege.edu.au/diploma-education

Studying the Diploma of Business at Monash College has equipped me with relevant business skills and boosted my confidence a lot. I gained a deeper understanding of business majors, I'm able to communicate better, and I received great advice to help me pursue my dream job."

EDUCATION STREAM

Arts CRICOS code: 061625F

Business CRICOS code: 043633M

Science CRICOS code: 086068B

If you're interested in a career in education, consider adding an Education stream to your Arts, Business or Science Diploma. By completing the Education stream, you have the opportunity to enrol in an Education double degree and build a career that truly changes lives.

The Education stream is completed with part 2 of the Diploma of Arts, Business or Science. Over eight months you'll complete eight units – six from your primary diploma and two Education studies units. You'll also complete 10 days of professional work placement in a local primary school.

At the end, you'll be eligible for a double degree in Education and Arts, Business or Science.

Assessments: primary diploma assessments (see Diploma of Arts, Business or Science), reports, attendance diaries, and assignments for education units.

monashcollege.edu.au/diploma-education

Course structure

PART 2 DIPLOMA OF ARTS (EDUCATION)				9 MONTHS
TRI 1	An Introduction to the Profession – Primary Education OR Working in Education: An Introduction to the Profession – Secondary Education	Media and Culture	Academic Writing	Choose an elective: • Introduction to Sociology (Sociology stream) • Psychology 1A (Psychology stream) Plus ten days of professional teaching experience*
TRI 2	English and Literacies 1 – Primary Education OR Approaches to Teaching and Learning – Secondary Education	Communications and Society	Professional Writing	Choose an elective: • Big Ideas for Better Futures (Sociology stream) • Psychology 1B (Psychology stream) Plus ten days of professional teaching experience*
PART 2 DIPLOMA OF BUSINESS (BUSINESS EDUCATION)				9 MONTHS
TRI 1	An Introduction to the Profession – Primary Education OR Working in Education: An Introduction to the Profession – Secondary Education	Managing People and Organisations	Marketing 1: Marketing Theory and Practice	Microeconomics Plus ten days of professional teaching experience*
TRI 2	English and Literacies 1 – Primary Education OR Approaches to Teaching and Learning – Secondary Education	Business Statistics	Choose an elective: • Introduction to Financial Accounting • Accounting for Managers	Choose an elective: • Managerial Communication • Macroeconomics Plus ten days of professional teaching experience*
PART 2 DIPLOMA OF SCIENCE (EDUCATION)				9 MONTHS
TRI 1	An Introduction to the Profession – Primary Education OR Working in Education: An Introduction to the Profession – Secondary Education	Chemistry 1	Blueprints for Life (Biology 1) plus five days of professional experience	Business Statistics
TRI 2	English and Literacies 1 – Primary Education OR Approaches to Teaching and Learning – Secondary Education	Chemistry 2	Life on Earth (Biology 2)	Choose an elective: • Functions and their Applications • Engineering Mathematics • Physics for Engineering • Psychology 1A • Discrete Mathematics for Computer Science Plus ten days of professional teaching experience*

*Professional Experience options: Primary Professional Experience OR Secondary Professional Experience
You will be enrolled in the relevant option based on your specialisation in education.

Being a teacher was my dream when I was a kid. Monash College will allow me to get there. The classes, lectures and tutorials are student-centred. So my writing skills are developing a lot and so are my speaking skills, which is very nice.”

SHELLY LU (CHINA)

Student

DIPLOMA OF ENGINEERING

CRICOS code: 043634K

The Diploma of Engineering will prepare you for success in your Monash Engineering course.

In part 1, you'll learn about maths and science theory. In part 2, you'll study the same subjects as first-year University students and develop your specialist knowledge of engineering and the practical skills you'll need for University.

Assessments: laboratory work, tests, quizzes, group projects, oral presentations, poster presentations, tutorial assessments and a final exam.

monashcollege.edu.au/diploma-engineering

- 1 If your stream is in Biomedical Engineering, you need to enrol in Introductory Biology instead of Engineering Practices.
- 2 If your offer states you need to pick up MCD1200 Physics A, we will enrol you in the equivalent unit MCD4600 Intermediate Physics. You do not need to enrol in MCD4160 Physics for Engineering.
- 3 Students entering directly into Part 2, with the exception of Engineering Fast-Track students, will enrol in a non-credit compulsory preparatory mathematics unit in their Trimester 1, followed by Advanced Mathematics in Trimester 2 and Engineering Mathematics in Trimester 3.
- 4 Fast-Track students and students progressing into Part 2 from Part 1 will enrol into Advanced Mathematics in Trimester 1, followed by Engineering Mathematics in Trimester 2, and will study two units in Trimester 3.

Course structure

PART 1				9 MONTHS
TRI 1	Introductory Physics	Introductory Mathematics	Introductory Chemistry	Introduction to Academic Communication
TRI 2	Physics A	Intermediate Mathematics	Engineering Practices	Choose one elective: • Chemistry A • Introductory Engineering Computing • Introductory Biology

PART 2 ENGINEERING STREAM				12 MONTHS
TRI 1	Chemistry 1	Physics for Engineering ²	Preparatory Math ³	
TRI 2	Engineering Methods	Engineering Smart Systems	Advanced Mathematics ⁴	
TRI 3	Engineering Design	Engineering Numerical Analysis	Engineering Mathematics ⁴	

PART 2 BIOMEDICAL ENGINEERING STREAM				12 MONTHS
TRI 1	Blueprints for Life	Engineering Methods	Preparatory Math ³	
TRI 2	Life on Earth	Engineering Smart Systems	Advanced Mathematics ⁴	
TRI 3	Engineering Design	Engineering Numerical Analysis	Engineering Mathematics ⁴	

T3 FAST-TRACK

Start the Diploma of Engineering in October and you could fast-track and complete your diploma in just nine months. You'll be ready to start second year at Monash University in July. To be eligible for the Trimester 3 Fast-Track Program, you must meet the required scores to enter a first-year undergraduate Engineering course.

monashcollege.edu.au/diploma-engineering

Melbourne is a great city for students and by studying at Monash I'm learning theoretical and technical knowledge which is helping me become an engineer."

CHRISTOPHER SUTANTO

DIPLOMA OF INFORMATION TECHNOLOGY

CRICOS code: 0100159

The Diploma of Information Technology (IT) is the first step towards gaining your Monash IT degree. Technology is central to every industry – creating more efficient ways to work, developing engaging ways to reach customers, and establishing powerful ways to communicate. By studying IT, you'll have the skills you need to succeed in the fast-changing world of technology.

Our Diploma is split into two parts. In Part 1, you'll hone your Math and Science theory and practical skills to better prepare your study skills, ready for University. In Part 2, you'll study the same subjects as first-year university students to develop your specialist IT or Computer Science knowledge.

Assessments: tests, quizzes, group projects, presentations, poster presentations, tutorial assessments and a final exam.

monashcollege.edu.au/diploma-it

Course structure

PART 1				9 MONTHS
TRI 1	Introductory Physics	Introductory Mathematics	Introductory Engineering Computing	Introduction to Academic Communication
TRI 2	Physics A	Intermediate Mathematics	Engineering Practices	Introductory Biology OR Introductory Chemistry

Choose your specialist stream

PART 2 INFORMATION TECHNOLOGY				9 MONTHS
TRI 1	Professional Practices	Functions and their Applications	Introduction to Computer Systems, Networks and Security	Introduction to Programming
TRI 2	Fundamentals of C++	Foundations of 3D OR Web Fundamentals	Choose two electives: <ul style="list-style-type: none"> • Business Statistics² • Discrete Mathematics for Computer Science¹ • Engineering Mathematics¹ 	<ul style="list-style-type: none"> • Foundations of 3D • Managing People and Organisations • Web Fundamentals

PART 2 COMPUTER SCIENCE				9 MONTHS
TRI 1	Professional Practice	Advanced Mathematics ¹	Introduction to Computer Systems, Networks and Security	Introduction to Programming
TRI 2	Fundamentals of C++	Discrete Mathematics for Computer Science ¹	Engineering Mathematics ¹	Foundations of 3D or Web Fundamentals

¹ Discrete Mathematics for Computer Science, Advanced Mathematics and Engineering Mathematics are compulsory if you want to study the Bachelor of Computer Science.

² Business Statistics is a compulsory unit if you want to study the Bachelor of Information Technology, majoring in Information Systems.

My dream job is to work in the IT industry and Monash College is really helping me to prepare by learning a lot of theories and practical skills.”

ADELINE SOERJONOTO
(INDONESIA)

Student

DIPLOMA OF SCIENCE

CRICOS code: 086068B

The Diploma of Science will prepare you for success in your Monash Science course. Your time at Monash will be filled with laboratory work, field trips, industry placements and classroom teaching.

Our diplomas are in two parts. In part 1, you'll study core science subjects. In part 2, you'll study the same subjects as first-year University students and develop your specialist knowledge.

Assessments: laboratory work, tests, quizzes, group projects, oral presentations, poster presentations, tutorial assessments and a final exam.

monashcollege.edu.au/diploma-science

CONSIDERING A CAREER IN TEACHING?

Complete an Education stream as part of your Science Diploma and you could be on your way to a double degree in Education and Science. See page 53.

monashcollege.edu.au/diploma-education

Course structure

PART 1				SAME FOR ALL STUDENTS	9 MONTHS
TRI 1	Introductory Physics	Introductory Mathematics	Introductory Chemistry	Introduction to Academic Communication	
TRI 2	Introductory Biology	Intermediate Mathematics	Choose two electives: <ul style="list-style-type: none"> • Chemistry A • Physics A • Introductory Engineering Computing) 		

PART 2				9 MONTHS	
TRI 1	Chemistry 1	Blueprints for Life (Biology 1)	Business Statistics	Choose one elective¹: <ul style="list-style-type: none"> • Advanced Mathematics² or Functions and their Applications • Physics for Engineering • Psychology 1A³

ENGLISH LANGUAGE

Studying English at Monash College will give you the best preparation for success in your Foundation Year, Diploma and University studies.

monashcollege.edu.au/english

“I started an English course and what I loved so much is the way the teachers are available, approachable, and friendly. They give you a lot of tips to improve your English outside and inside of the class. But at the same time, Monash College gives you more than English experience. They give you life experience. They make you able and capable to do something greater than you could before. And I believe that after this course, I can do better at university.”

EDSON MACUACUA (MOZAMBIQUE)

Student

MONASH ENGLISH

Monash English is Monash College's core English language pathway for students to meet the English language requirements for Foundation Year, Diplomas and their Monash undergraduate, graduate or graduate research course. All Monash English students will complete their language program ready to study with confidence and see themselves as citizens of a larger community.

Why study Monash English?

- Meet the English language requirements of your career path and perform equally to other international direct-entry students.
- Stay on track and excel with the help of real time assessments, and feedback on progress and performance to make sure you succeed.
- Complete discipline-specific learning activities aligned to your future career path.
- Develop both inter-cultural and cultural competence to effectively communicate with people across cultures.
- Have the opportunity to develop friendships and belonging through community-based activities.

Course content

As a Monash English student, you'll

- develop your proficiency in reading, writing, listening and speaking
- extend your range and use of academic vocabulary
- apply a range of skills needed to understand complex reading and listening texts
- speak clearly and confidently in a range of contexts
- learn to listen and understand a range of English accents
- understand the particular way of communicating in your own culture and other cultures and the misunderstandings that may occur
- express ideas in writing following Australian academic conventions
- learn to communicate effectively in social conversations, academic discussions and presentations
- improve your grammar and pronunciation
- understand, apply and explain theories in your discipline area
- learn how to respond to feedback
- become a self-directed learner.

 Docklands

 10–40 weeks

 Modules are aligned to destination programs

 20-plus hours

15 hours of extra study

Entry requirements

IELTS (or equivalent) or the Monash English Placement Test – Duolingo English Test

Transition requirements

Successful completion of required Monash English level (see page 62)

 A\$6000 per 10 week module
(2024 fees p.a.)
Subject to change. See page 72.

MONASH ENGLISH PATHWAY

The number of modules you complete will depend on your destination course and your current level of English. For instance if you are interested in joining the Foundation Year (Standard) and your IELTS score (or equivalent) is 4.5 you will need to complete Modules 1 and 2¹.

ENGLISH FOR FOUNDATION YEAR¹

DESTINATION COURSE

SINGAPORE

Singapore/GCE O Levels

Total score of the best five academic subjects.

A = 5 B = 4 C = 3 D = 2
E = 1 F = 0

Singapore GCE A Levels

Total score of a maximum of the best three H2 Level subject examinations taken in one sitting.

H2 Level grading scale:

A = 5 B = 4 C = 3 D = 2
E = 1

Two H1 Level subjects can be counted in place of one H2 Level subject. Conditions apply; please see website for more details.

H1 Level grading scale:

A = 2.5 B = 2 C = 1.5 D = 1
E = 0.5

A maximum of one bonus point is offered when achieving a "Distinction" in a H3 level subject. See website for more details.

SRI LANKA

Sri Lankan O Levels

Total score of the best four academic subjects.

Sri Lankan A Levels

Total score of the best three A-Level academic subjects taken in one examination sitting⁵.

Grading scale for both qualifications:

A = 5 B = 4 C = 3 S = 1

UNITED ARAB EMIRATES

Year 12 General Secondary Education Certificate (Tawjihiyah)

Overall average in academic subjects.

Grading scale: 100% scale where 60% equals a pass.

VIETNAM

Year 11 – individual senior secondary school

Overall average of all Grade 11 subjects (refer to the whole year/CN column) as awarded on the final school reports or transcript issued by individual senior secondary school.

Year 12 – Bằng Tốt Nghiệp Trung Học Phổ Thông (Upper Secondary School Graduation Diploma/ High School Diploma)

Overall average of all Grade 12 subjects (refer to the whole year/CN column) as awarded on the official final transcript issued by individual senior secondary school.

Grading scale for both qualifications: 10 points scale where 5 equals a pass.

GLOBAL

GCE O Levels

Total score of the best four academic subjects.

Grading scale: 9 points scale (A* to F)

9 = A*; 8-7 = A; 6 = B; 5-4 = C/C*; 3 = D; 2 = E; 1 = F/G; U = U (Fail)

GCE A Levels

Total score of a maximum of the best three A-Level subject examinations taken within two years⁶.

Grading scale:

A* (a*) = 5, A(a) = 5 B(b) = 4 C(c) = 3
D(d) = 2 E(e) = 1 U = 0

A maximum of one bonus point is offered when achieving A+ in an A-Level subject. Two AS Level subjects can be counted in place of one A-Level subject but conditions apply. See website for details.

International Baccalaureate (IB) Diploma

Total score as awarded on the final IB Diploma.

Grading scale: 7 point scale where 4 equals a pass.

¹ Plus performance in long turn answers. Long turn answers consist of speaking and writing components and are graded by Monash College.

² No band under 5.5.

³ No communicative skills score below 42.

⁴ Changes are expected to come for Monash English entry requirements. Please check the following website for the latest entry requirements, monashcollege.edu.au/english

⁵ A minimum of three subjects are taken in one examination sitting.

⁶ Subject examinations taken within two years may include more than one sitting. For example, subject examinations in June 2020 until June 2022 are acceptable.

ACADEMIC ENTRY REQUIREMENTS

Entry requirements into Monash College are subject to change. Please check our website for the latest information: monashcollege.edu.au

As per the Diploma of Arts – Media and Communications entry requirements.

As per the Diploma of Arts – Sociology entry requirements.

As per the Diploma of Arts – Psychology entry requirements.

As per the Diploma of Business entry requirements.

As per the Diploma of Science entry requirements.

⁷ Australian Year 12 equivalent in one of Biology, Chemistry, Environmental Science, Geography, Physics or Psychology.

⁸ If you haven't completed mathematics (Australian Year 12 equivalent), you must complete Business Mathematics during your diploma. This may result in additional costs and extended duration of the diploma.

⁹ If you haven't completed mathematics (Australian Year 12 equivalent), you must study Functions and their Applications during your diploma.

¹⁰ Part 2 Engineering: If you haven't completed Physics (Australian Year 12 equivalent), you must study Physics A during your diploma. Students in Biomedical Engineering must have completed Year 12 Physics.

¹¹ Part 2 IT: Bachelor of Information Technology (all majors) requires mathematics (Australian Year 11 equivalent). Bachelor of Computer Science requires higher-level mathematics (Australian Year 12 equivalent) and completion of higher-level mathematics units as part of your diploma.

¹² Part 2 Science: If you want to major in mathematics as part of your degree, you may need to complete a mathematics unit as part of your diploma.

MONASH UNIVERSITY UNDERGRADUATE DESTINATION DEGREE ENTRY REQUIREMENTS FOR FOUNDATION YEAR

For students commencing Foundation Year in 2025.

How to calculate your Foundation Year score

Step 1: Add the eight highest scores of your units passed¹

Step 2: Divide the total by eight¹

Step 3: If eligible add bonus points². Add 1.25% of the score of each additional unit you passed to Step 2 (maximum of two bonus point units).

Note: To complete Foundation Year, you must pass (>50%) a minimum of eight¹ units consisting of:

- Units 1 and 2 of English (compulsory subject); AND
- Units 1 and 2 of at least two other subjects³; AND
- Two additional units (stand alone units or paired subject units).

COURSE	COURSE CODE	CAMPUS	SCORE (%)	ENGLISH (%)	SUBJECT PREREQUISITES FOR FOUNDATION YEAR (FY)	
ART, DESIGN AND ARCHITECTURE						
Architectural Design	F2001	Caulfield	76.25	65	None. Successful completion of Foundation Year and no grade required. Register for a folio presentation – see monash.edu/mada/future-students/apply . MUFY students cannot receive a packaged offer for the Bachelor of Fine Art as students must prepare a folio independently for assessment. The MUFY program does not offer any subject that will assist students in the development and preparation of a folio.	
Design – industrial design, collaborative design, spatial design and communication design	F2010		63.75			
Fine Art – art history and curating	F20033					
Fine Art – fine art	F20031					
ARTS, HUMANITIES AND SOCIAL SCIENCES						
Arts	A2000	Clayton	72.50	65	None. Performance. Melbourne-based students will be assessed at their recital. ⁵ Plus supplementary form to be completed. Fundamental Mathematics (min 65%) ⁶ or Mathematics (min 50%) or Advanced Mathematics (min 50%). All applicants must submit a supplementary form located at: monash.edu/bppe-supplementary

EDUCATION						
Education (Honours)	D3001	Clayton/ Peninsula ¹⁰	70		65	Any Foundation Year mathematics (min 50%) ^{6,8,11,12}
Education (Honours) / Arts ⁴	D3002		72.50	Any Foundation Year mathematics (min 50%) ^{6,8,11,12}		
Education (Honours) / Business ⁴	D3007	Clayton	70	Fundamental Mathematics (min 65%) ⁶ or Mathematics (min 50%) or Advanced Mathematics (min 50%) ^{11,12}		
Education (Honours) / Science ⁴	D3005		72.50	Any Foundation Year mathematics (min 50%) ^{6,8} and one of Biology (min 65%), Chemistry (min 65%), Mathematics (min 65%), Advanced Mathematics (min 65%) or Physics (min 65%) ^{11,12}		

1 The application of Fundamental Mathematics sequencing rule considers only 7 units in total score calculation. Mathematics is excluded although a minimum score (>50%) is required.

2 To be eligible for bonus points you must complete your Foundation Year within the expected completion duration of two semesters (three for the Extended program).

3 Mathematics (MUF0091) and Fundamental Mathematics (MUF0142) are regarded as paired subject units under the Fundamental Mathematics sequencing rule.

4 Additional double degrees are available. Visit monash.edu/study for more information on our double degrees offering.

5 Non-Melbourne based MUFY students must submit a recorded performance audition/composition folio in DVD format and submit the 'Music Auditions – Offshore applicants form' available at monash.edu/music-audition

6 Students can satisfy MUFY Fundamental Mathematics prerequisite required for this course by successfully completing either 'Mathematics (MUF0091) and Fundamental Mathematics (MUF0142)' OR 'Fundamental Mathematics (MUF0141) and Fundamental Mathematics (MUF0142)' and achieving the required overall score specified.

COURSE	COURSE CODE	CAMPUS	SCORE (%)	ENGLISH (%)	SUBJECT PREREQUISITES FOR FOUNDATION YEAR (FY)
ENGINEERING					
Note: If you have successfully completed Advanced Mathematics (unit 1 and 2) with a pass (50%) average or above will be awarded an additional 5 points to count towards the final total score. The additional points will not be awarded on the final transcript issued by Monash College.

Science / Arts ⁴	S2006		72.50	65	One of Biology (min 65%), Chemistry (min 65%), Mathematics (min 65%), Advanced Mathematics (min 65%) or Physics (min 65%).

Please note: Destination degrees are subject to change. Not all available destination degrees are presented in the above table. For a complete list of destination degrees and entry requirements, refer to monashcollege.edu.au/courses/fy/dd

7 Bonus points: Up to four bonus points (counting towards your final total MUFY score) can be obtained by Business students who undertake unit sequences in Accounting, Economics, Mathematics and/or Advanced Mathematics and obtain a minimum grade threshold of 60%.

8 Australian Year 11 or equivalent mathematics may also be considered. Minimum score requirement applies.

9 This degree offers the opportunity to accelerate your degree by taking units over summer. You can manage your enrolment from year one in order to complete your degree up to a year earlier. See monash.edu/bib.

10 For some specialisations you'll need to study at Clayton or Peninsula. To view specialisations, visit monash.edu/study

11 A Police Check (annual requirement) and Working With Children Check required prior to enrolment. A medical certificate specifying the student's current health and immunisation status is also required prior to enrolment. For details, visit monash.edu/study

12 Applicants must sit a Situational Judgement test to be eligible for entry into this course. The Situational Judgement test is a requirement for many of the initial teacher education courses in Victoria. It is an online test designed to assess an applicant's personal and professional attributes. For more information on the test type options visit the Situational Judgement test website at: monash.edu/education-sjt

13 Due to limited places for some degrees, fulfilling minimum entry requirements doesn't guarantee a place.

14 A current NDIS Worker Screening check is required to undertake clinical/fieldwork placements.

15 Applicants are required to meet MUFY English score of 65% and provide an AHPRA approved English test (equivalent to an Academic IELTS overall score of 7.0 with no band less than 7.0) to meet the Monash University undergraduate courses English language requirement. The AHPRA approved English test must be valid two years prior to the Monash University course commencement date. Further information will be available at monash.edu/study

16 Nursing students must be aware of their legal responsibilities regarding the administration and storage of drugs in keeping with the *Drugs, Poisons and Controlled Substances Act 1981 (Vic)* and the *Drugs, Poisons and Controlled Substances Regulations 2006 (Vic)*.

17 Effective Semester 1, 2022 intake: Underage applicants who are unable to meet the mandatory compliance requirements, due to their age by the time of the first placement are not eligible for an offer. Please refer to the mandatory compliance web page for additional information: monash.edu/mhs/compliance

18 Students must also complete and pass a prescribed medical and fitness assessment with an agency appointed by Ambulance Victoria. Refer to the website for further information: med.monash.edu.au/clinical-placement

19 Bonus points for Pharmacy Faculty courses: Students who successfully complete MUFY Biology (unit 1 and 2) with a score (65%) average or above, will be awarded an additional two points to count towards their final total MUFY score. This process does not apply to other Monash undergraduate courses.

20 All applicants must make a written submission, and if shortlisted will be invited to an interview.

For further information, please visit monash.edu/global-challenges. Foundation Year students cannot receive a packaged offer for this course.

MONASH UNIVERSITY UNDERGRADUATE DESTINATION DEGREE ENTRY REQUIREMENTS FOR DIPLOMAS

For Diploma students commencing their undergraduate degrees in 2026.

How to calculate your Diploma score

To find out how to calculate your final Diploma score, visit monashcollege.edu.au/your-destination

Please note: Destination degrees are subject to change. Not all available destination degrees are presented in the above table. For a complete list of destination degrees and entry requirements, visit monashcollege.edu.au/your-destination

1 Successful completion of portfolio presentation required for entry.

2 Successful audition required for entry.

3 Selection is competitive and based on merit for Part 1 domestic students.

4 Students who wish to undertake the following majors during the Bachelor of Science must have Year 12 Mathematics, and enrol in both MCD4490 Advanced Mathematics and MCD4500 Engineering Mathematics: Applied Mathematics, Financial and Insurance Mathematics, Mathematics, Mathematical Statistics, Pure Mathematics.

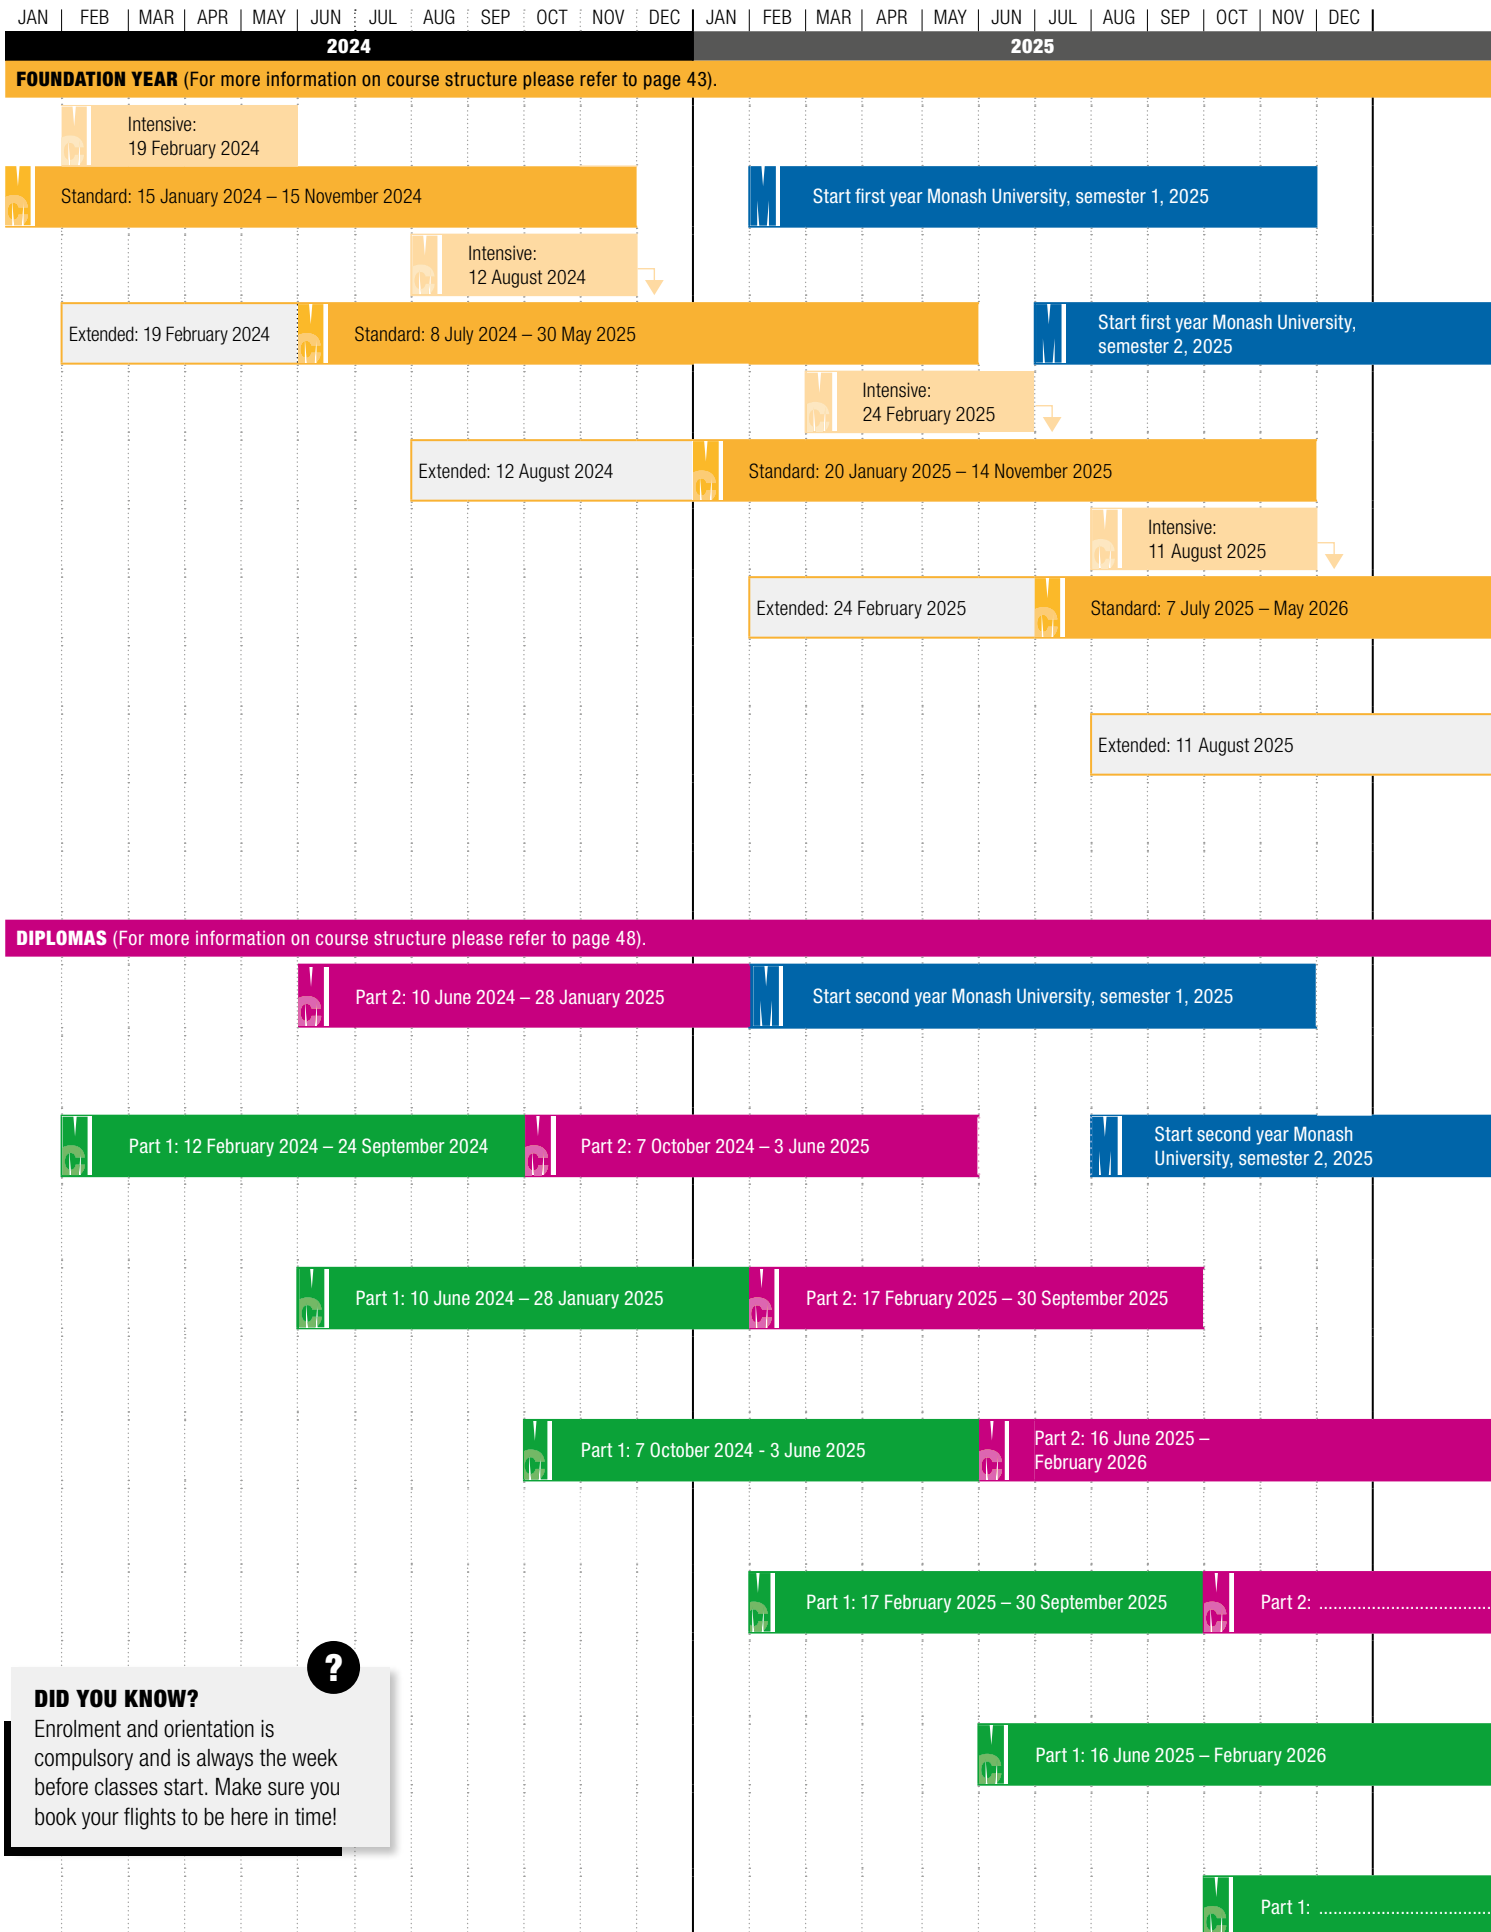

5 For some specialisations, you'll need to study at Clayton or Peninsula. To view specialisations, visit monash.edu/study

6 Applicants must sit a Situational Judgement test to be eligible for entry into this course. The Situational Judgement test is a requirement for many of the initial teacher education courses in Victoria. It is an online test designed to assess an applicant's personal and professional attributes. For more information on the test type options visit the Situational Judgement test website at: monash.edu/education-sjt

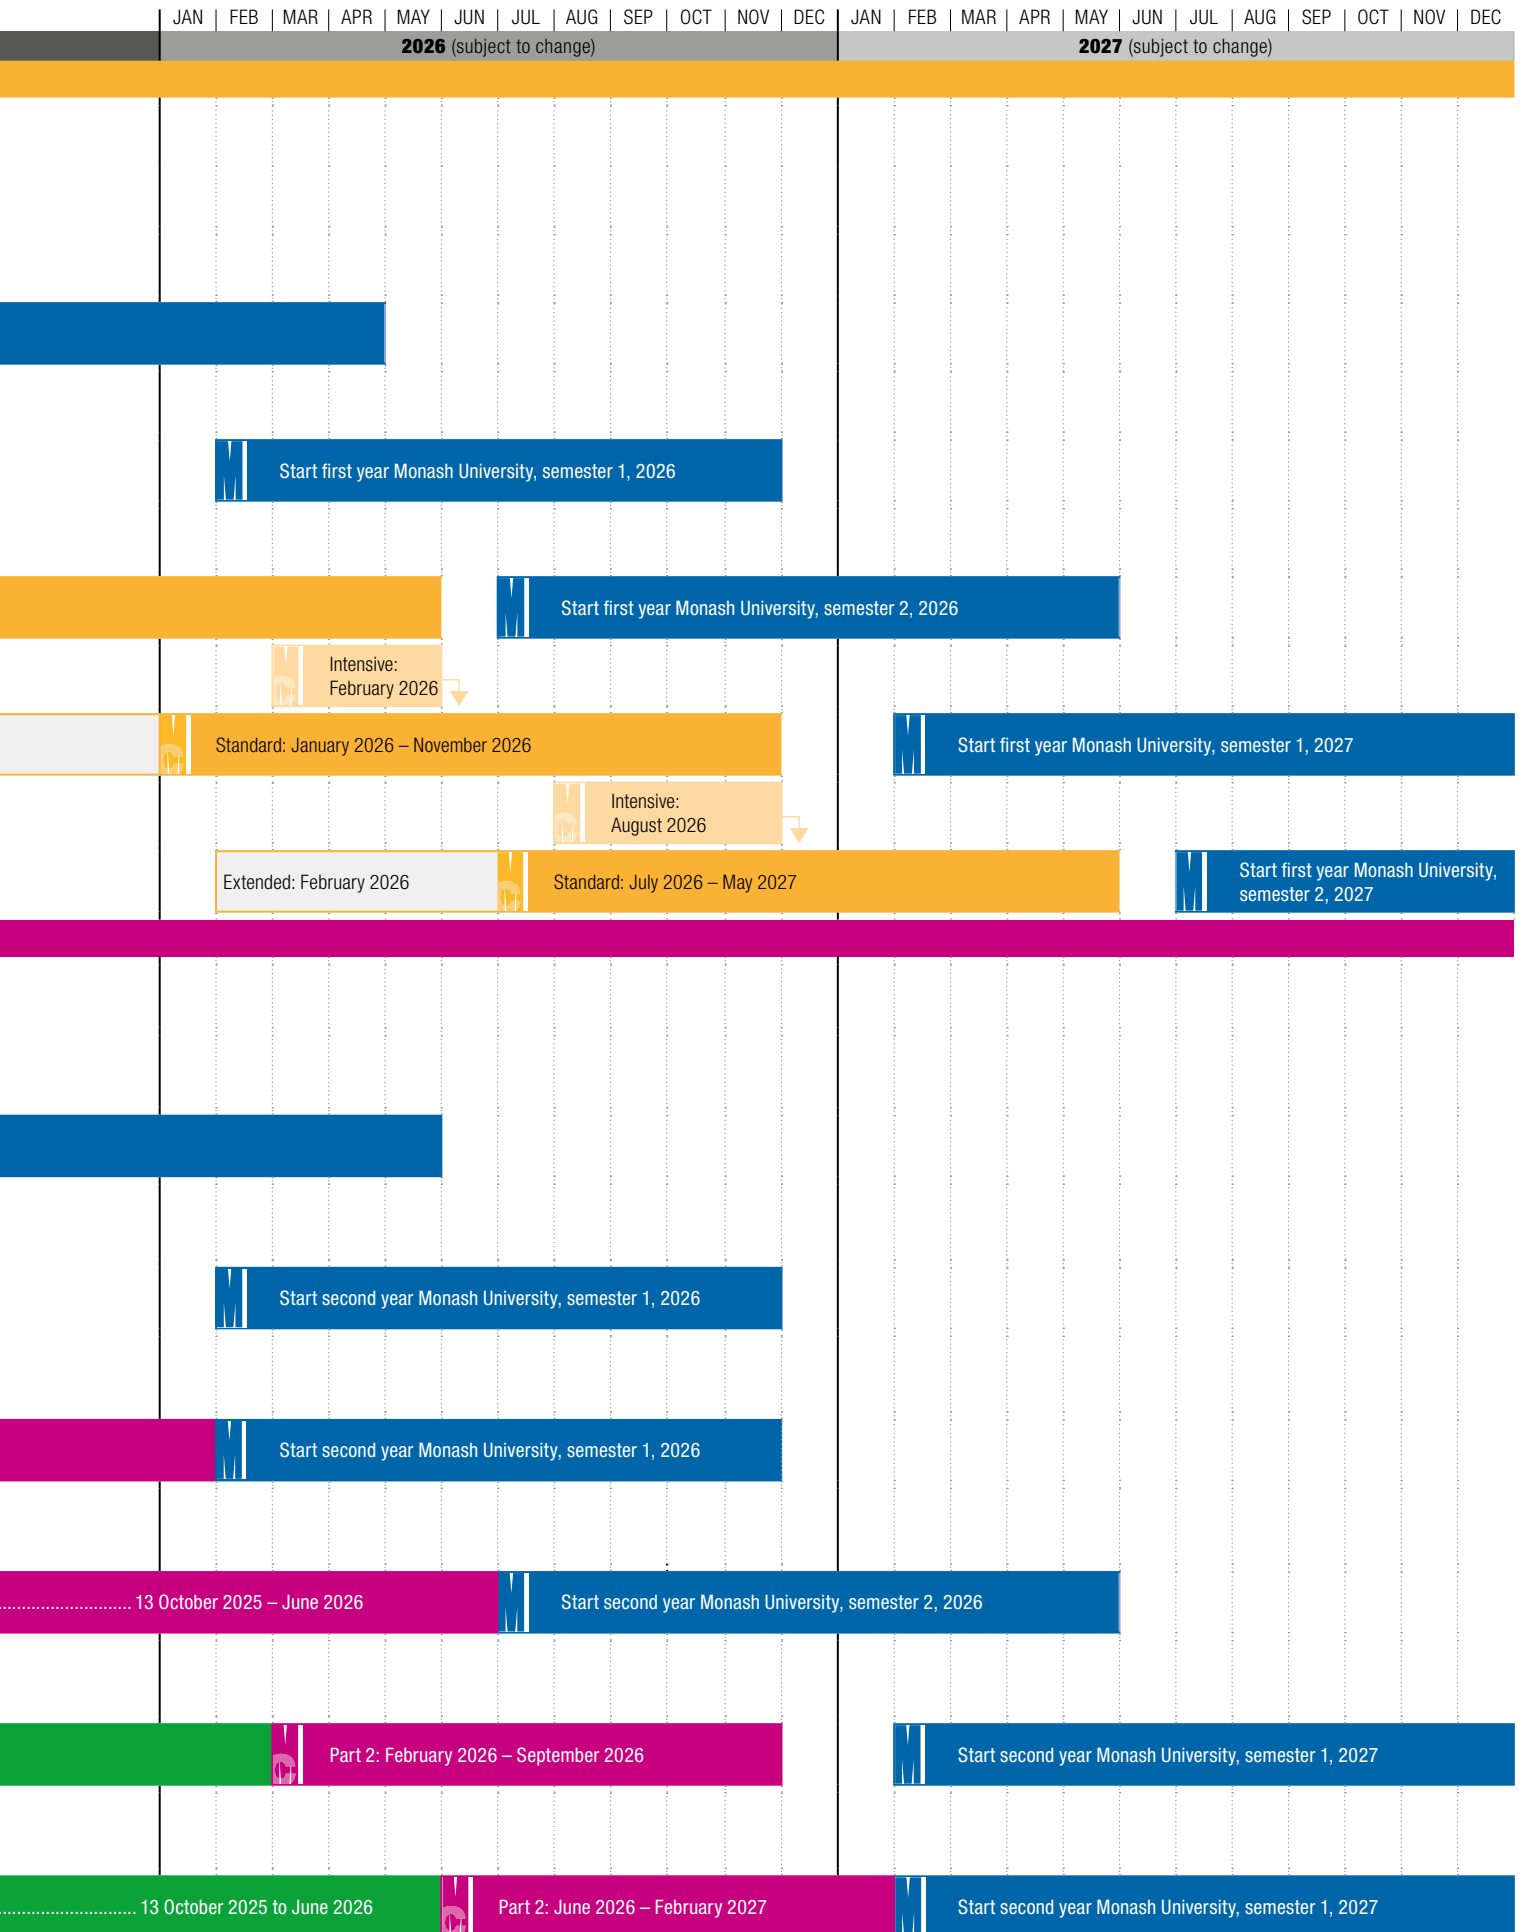

7 Students wishing to commence the Biomedical Engineering specialisation must have completed MCD4420 Life On Earth during Diploma of Engineering Part 2.

The Diploma part 1 and 2 entry requirements published in this guide are for students commencing their undergraduate destination degrees in 2026. In instances where the listed destination degree entry requirement is different to the score published at the time of a student's initial enrolment, the entry requirements published at the time of the student's enrolment will be honoured.

INTAKE CALENDAR

DID YOU KNOW?
 Enrolment and orientation is compulsory and is always the week before classes start. Make sure you book your flights to be here in time!

Dates listed refer to course orientation dates until the end of the exam period. Dates are subject to change. See website for updates.

FEES

ENGLISH LANGUAGE

Monash English	A\$6000 per 10 week module
Additional costs	A\$320 administration fee

MONASH UNIVERSITY FOUNDATION YEAR

Standard	A\$35,200
Intensive	A\$35,200
Extended	A\$47,600
Additional/repeated Foundation Year units	A\$3995 per unit
Additional/repeated Foundation Year units with unit codes MUF1021-MUF1061	A\$2760 per unit

Fees are based on the minimum number of units you need to finish Foundation Year (standard, eight units; intensive, eight units; extended, 12 units). Foundation Year Music units MUF0111 and MUF0112 have an additional fee of A\$1433.25.

DIPLOMA PART 1 AND 2

	Part 1	Part 2
Arts	A\$29,100	A\$32,400
Arts (Education studies)	N/A	A\$32,630
Art and Design	A\$30,300	A\$33,300
Business	A\$33,300	A\$36,800
Business (Education studies)	N/A	A\$35,930
Engineering	A\$33,700	A\$38,400
Information Technology	A\$33,300	A\$38,000
Science	A\$32,600	A\$37,400
Science (Education studies)	N/A	A\$36,380

All fees are in Australian dollars. The fees indicated are purely for courses studied within 2024. Any units undertaken outside of this period will be charged at the applicable revised rate, unless otherwise stated. All fees (tuition and non-tuition fees) are reviewed annually. The College reserves the right to adjust its fees. For up-to-date fee information, visit monashcollege.edu.au

COST OF LIVING IN AUSTRALIA

Before you arrive in Melbourne and begin your studies at Monash College, it's a good idea to plan and prepare a budget. Monash College follows the Australian Government recommended guidelines¹ when it comes to the average living costs in Australia.

OFF-CAMPUS ACCOMMODATION	A\$ PER WEEK
Shared rentals ²	\$165 to \$380 per week
Rental ³	\$200 to \$775 per week

The above lists some options for off-campus accommodation and estimated prices. Prices will most likely vary depending on where you choose to live.

OTHER LIVING EXPENSES

There are additional living expenses beyond accommodation costs. You may also need spending money for things like medication and other personal items, such as clothes. You'll also need to budget for groceries, utilities, public transport or a car, and there's also entertainment to consider as well!

The website below provides a calculator where you can calculate your estimated costs to give you a sense of what your expenses may be.

For more information visit, www.studyaustralia.gov.au/en/life-in-australia/living-and-education-costs

Depending on your chosen degree, additional costs may apply for class materials and other course requirements. Please make sure you check any additional costs for your course before commencing your studies. All costs are subject to inflation.

It's important to note that all student visa holders must have Overseas Student Health Cover (OSHC) – which provides medical and hospital insurance in Australia – before you arrive in Australia. For further details, visit monash.edu/fees

The Department of Home Affairs has financial requirements you must meet in order to receive a student visa for Australia. For information, visit <https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500#Eligibility>

¹ For further details, visit www.studyaustralia.gov.au/en/life-in-australia/living-and-education-costs

² Shared accommodation varies on a weekly basis depending on the accommodation location and the number of occupants. Off-campus shared rental accommodation prices do not include utilities. Prices listed here are rates for 2024; prices may vary in 2025.

³ Rental costs listed here are based on costs for two-bedroom apartments. Prices vary depending on suburbs.

HOW TO APPLY

monashcollege.edu.au/apply

1

Choose your pathway

Choose your Monash University undergraduate degree, and decide whether Foundation Year or a diploma is best for you.

2

Check you meet the entry requirements

See page 64–65 for a list of entry requirements.

3

There are two ways to apply

Apply online

To apply online, visit monashcollege.edu.au/apply

You'll need to complete the online form and upload all relevant supporting documents. Remember, all documents must be certified.

OR

Apply through a registered agent. To find a registered Monash agent, visit monash.edu/agents

4

Receive your offer

Package your Monash College course with your undergraduate degree. This means you'll only need to apply for one student visa.

5

Students under 18

If you're under 18, we'll send you a welfare and accommodation form with your offer letter. To complete the form, you'll need to decide:

1. Who will be your guardian?

You can choose either a parent/relative or a Monash College guardian. If you choose to live with a parent or relative, you'll need to download Form 157N from www.homeaffairs.gov.au and submit it to the Department of Home Affairs.

2. Where will you live?

- Off-campus student accommodation
- On-campus at Clayton
- Homestay

6

Accept your offer

When you accept your offer, you'll also need to pay your deposit and Overseas Student Health Cover fee (as outlined in your offer letter). If you're under 18, you'll also need to pay the deposits for Monash College guardianship and accommodation.

7

Receive your Confirmation of Enrolment (CoE)

If you're under 18, we'll also send you a Confirmation of Appropriate Accommodation and Welfare (CAAW).

8

Apply for your student visa

See www.homeaffairs.gov.au for more information. You can also find out more about the Simplified Student Visa Framework at monash.edu.au/study/international/apply/visa

9

Pack your bags!

Congratulations, you're on your way to Monash College. To make sure you're prepared, we've created a checklist of things to do before you arrive. Don't forget to arrive in time for enrolment and orientation! Visit monashcollege.edu.au/prepare-to-arrive

DOMESTIC STUDENT:

If you are a domestic student, you can study a Monash College diploma. Visit monashcollege.edu.au/how-to-apply/domestic-students for further information.
