COVID-19 STAGE 3 RESTRICTIONS

The Victorian government has announced stage 3 restrictions that started at midnight (30/03/2020). You can read about them [here](#) but below is some important information to know and follow - not knowing is no excuse if you are breaching the rules.

1) Stay home. You should only leave your accommodation:

- To get food and essential supplies
- To buy medication or see a doctor
- To exercise (this should be in your local area)

2) Practice Social Distancing

Do not leave your accommodation unless you are doing one of the three activities above. When in public places, please practise social distancing. This means stay 1.5 metres away from others

3) Public Gatherings restricted to two people.

There are now limits for both indoor and outdoor gatherings to two persons only.

There are a few exceptions but these will be enforced by Police

- People of the same household going out together;
- Attending funerals - a maximum of 10 people;
- Attending a wedding - a maximum of 5 people;
- Being part of a large family unit.

This means that if you go to the supermarket and you live with 2 housemates, you can't meet and hang out with a group of friends while shopping.

Playgrounds, skate parks and outdoor gyms, places of worship are now closed.

If you live with one person or more, you cannot invite anyone else to your accommodation as there are already two people in your household.

There are also additional restrictions about inviting others into your apartment if you live at accommodation providers - please ask your apartment Manager about these restrictions.

4) Penalties

Victoria Police are conducting spot checks to ensure Victorians are complying with self isolation and other stage 3 restrictions. They have been given the power to issue on the spot fines of up to \$1,652 for individuals and up to \$9,913 for businesses who refuse or fail to comply
