BYOD Policy Objectives

The increasing availability of personal mobile devices has accelerated the demand for new models of learning. Monash College aims to harness students’ connection to their own personal mobile devices for the purpose of developing learning skills and for fostering digital literacy and fluency in a safe environment.

Audience and applicability

Monash College encourages students to bring their own personal mobile electronic devices to school for the purpose of learning as it enhances their opportunities for personalised and student-centred learning.

Responsibilities and delegations

**The University**

The University is responsible for the surveillance and monitoring of its computer systems to ensure the ongoing confidentiality, integrity and availability of services.

**The Associate Director of Learning and Teaching**

The Associate Director is responsible for developing and implementing MUELC’s BYOD policy.

**The student**

The student is responsible for abiding by the University’s IT Policy and the Student Code of Conduct.

Monitoring, evaluation and reporting requirements

The university will monitor compliance with the IT Policy.

The Learning and Teaching Management Team will evaluate the impact of a BYOD culture on learning and will update this policy as required.
