Monash Advanced Preparation Program

Overview

The Monash Advanced Preparation Program (MAPP) offers a direct, accelerated pathway into your preferred Monash University undergraduate degree. Designed for successful Year 12 graduates (or other approved qualifications) who narrowly miss direct undergraduate entry, this intensive 16-week program builds your academic readiness through targeted learning and personalised support.

Delivered face-to-face in a supportive learning environment, the program is designed to give you the best possible start to your Monash journey.

This course is only available to international students.

Program Ownership

Monash Advanced Preparation Program is accredited by Monash University (CRICOS Provider Code: 00008C) and delivered by Monash College Pty Ltd (CRICOS Provider Code: 01857J) on behalf of the University.

At a glance

Destination	1st year Monash University undergraduate degrees ¹
Campus	Docklands
Delivery	Face-to-face
Duration	4 months full-time
Intakes	February September ²
Units	Four (4)

Course code	U0401
CRICOS	117708C

Guaranteed pathway

Enter the first year of an undergraduate degree at Monash University across 10 faculties provided you meet the entry requirements.

Accelerated pathway

Complete the program in 16 weeks and begin your university journey after one semester.

Tailored support

Every aspect of the program is designed to prepare you for success in your chosen undergraduate degree.

Targeting learning

Study units aligned with your future undergraduate destination degree for a focused academic experience.

What you'll learn

Through the Monash Advanced Preparation Program, you'll deepen your knowledge in key subject areas and develop essential university skills, including how to:

Communicate effectively in English

Think critically and solve problems

Learn independently and collaboratively

Manage time responsibly and effectively

You will complete four units:

One compulsory unit in Introduction to Academic Communication, and

Three units aligned with your undergraduate destination degree, selected from your chosen stream.

Learning is delivered through a mix of engaging tutorials, independent and collaborative learning, and real-world, competency-based assessments embedded throughout the semester.
