ARE YOU MONASH READY?

In this brochure you’ll discover what it’s like to study at Monash College, your pathway to Monash University, as well as the unique aspects of living in Melbourne.

monashcollege.edu.au
YOUR FUTURE STARTS AT MONASH COLLEGE

We understand your goal is to achieve the best education possible to help you succeed in your future career. From day one at Monash College, we focus on getting you ready for it. We’ll teach you the skills you need to succeed at university, providing you with direct entry to Monash University. All you need to do is pass units and meet the entry requirements, and you’ll experience the same quality of education as you will at the University, in a supportive learning environment.

OUR PROGRAMS

ENGLISH COURSES
We have three English courses available to help you succeed at university. The one that’s right for you will depend on your level of English and your chosen Monash College pathway.

FOUNDATION YEAR
The Foundation Year is a pre-university program with direct entry into first-year undergraduate degrees for all 10 faculties at Monash University.

DIPLOMA
Specialise from day one with a Monash College Diploma and fast-track into second-year undergraduate degrees to seven faculties at Monash University.

---

1 Entry requirements into Monash College and Monash University apply.
2 Times Higher Education World University Rankings (2019).
3 The majority of diplomas provide a direct pathway into second year of related degrees at Monash University.
Over the past five decades, Monash University has evolved from a small suburban campus to one of the great international universities in the world. Today, about one third of Monash University’s students come from outside Australia, each of them making an important contribution to the diversity that’s celebrated throughout our University community.

From its formation, Monash College has played an invaluable role in offering many of our most outstanding students a pathway into the University. Studying at Monash College is a wonderful opportunity to prepare for Monash life, providing you with skills, support and friendships that you’ll draw upon throughout your careers.

Monash graduates have earned international acclaim for their accomplishments. I hope that in coming years you view your time at Monash College as a formative moment on your journey to joining them.”

PROFESSOR MARGARET GARDNER AO
President and Vice-Chancellor
Monash University
SUCCESS AT MONASH UNIVERSITY

From day one, a Monash education sets you on the path to future career success.

Studying at Monash will provide you with the highest quality of education. We offer forward-looking teaching, focused on preparing you for the rapidly changing world of work. A Monash education leverages partnerships with industry, government and alumni, and we aim to offer an unprecedented range of opportunities to participate in work-integrated learning experiences.

You’ll graduate with a greater sense of purpose, a global outlook, and the skills and confidence to make a positive change – to your life and to the lives of those around you.

LIFE IN MELBOURNE

When you study in Melbourne, you’ll get to experience living in a city with a reputation for welcoming international students.

In Melbourne, there’s always something exciting to see and do – an abundance of cultural festivals, international sporting events, dining at cafés and restaurants with cuisines from all over the world, and beautiful parks and beaches. It’s easy to see why the Australian lifestyle is so attractive.

The city has been described as having four seasons in one day, but that’s part of its charm. It’s a good idea to be prepared, so pack an umbrella and a warm jacket for winter (June to August), and your sun protection lotion and sun hat for the summer (December to February).

1 2020 MONASH COLLEGE COURSE GUIDE
Monash College has three Melbourne-based campuses, each with its own unique characteristics. Every location has a friendly, respectful and enjoyable atmosphere that will make you feel welcome from your very first day. From the campuses you’ll be able to access a range of Melbourne landmarks, including the Queen Victoria Market, Luna Park and the Melbourne central business district.

monashcollege.edu.au/campuses
CITY (BOURKE STREET)

Foundation Year and English students

Our main city campus is in the centre of Melbourne and welcomes more than 3000 students a year. As a city-based student, you’ll be close to everything Melbourne has to offer, including museums, libraries, restaurants, shopping and public transport.

CAULFIELD

Diploma of Art and Design students

Caulfield campus is the University’s second-largest campus, home to more than 17,000 students. The award-winning Monash University Museum of Art (MUMA) is located in the art, design and architecture precinct at Caulfield. Diploma students share this campus with University students studying fine art, design and architecture, business and arts.

CLAYTON

Diploma and English students

Designed to provide everything you need in one place, Clayton is Monash’s largest campus, with more than 36,000 students. As a Monash College student, you’ll learn alongside students from eight of Monash’s 10 faculties, and have access to the same facilities.

DID YOU KNOW?

Monash runs a free shuttle bus service (with free Wi-Fi) between the Clayton and Caulfield campuses.

CHOOSING YOUR ACCOMMODATION

Living in Melbourne is a big part of your student experience. There are many accommodation options, including living on campus, living with a local family (homestay) or living in a student apartment in the city. That’s why it’s important to choose the accommodation option that best suits your living and learning preferences.

monashcollege.edu.au/accommodation

HOW TO CHOOSE THE RIGHT ACCOMMODATION

Are you under 18?
If you’re under 18 years of age when you first arrive, you’ll need to stay in an approved accommodation for underage students. Our approved accommodation providers are suited to younger students and offer more support and security.

monashcollege.edu.au/life-at-monash-college/under-18s

What experience are you looking for?
The type of experience you want to have will be an important factor in your decision making. Consider what facilities are important to you, such as whether or not you want to live with other students, share facilities like a kitchen, or prefer to be independent and live on your own. The choice is yours!

Where are you studying?
Monash College courses are located at various campuses. For travel convenience, you’ll need to consider accommodation options close to where you’re studying or within easy reach via public transport.

TAKE OUR ACCOMMODATION TOUR
Follow Monash College student Shaneezer as she explores the accommodation options available.

monashcollege.edu.au/accommodation-tour
**MONASH RESIDENTIAL SERVICES – CLAYTON**

There are a number of accommodation options available through Monash Residential Services (MRS) at our Clayton campus.

MRS is a multicultural community which comprises domestic and international students from around the world. You can be part of an exciting and inclusive community whilst living in modern student accommodation, and get involved in a range of student activities. This type of accommodation is best suited to students studying at Clayton and Caulfield campuses.

Living at MRS offers:
- leadership opportunities
- close proximity to classes
- security and peace of mind
- pastoral care and support.

Additional pastoral care and support is given to students who are under 18 years of age.

- Monash Clayton campus
- Walk to Clayton campus, 20-minute bus trip to Caulfield campus
- Residential support teams, communal laundry, music rehearsal rooms, table tennis, kitchen, garden

**HOMESTAY**

Living with a local family is a great way to experience Australian life. You’ll have a safe and supportive home environment and be able to practise your English every day. Homestay accommodation is available throughout Melbourne and is a great option for students under 18 years of age who are looking for a family environment. Our homestay families are specially chosen to provide a safe, supportive home that’s within 60 minutes of your Monash campus. Homestays are located throughout Melbourne

- Within one hour of a Monash College campus
- Local family environment, three meals per day and utilities included

INDEPENDENT LIVING
Renting
If you’re over 18 years old, you can rent your own place or share with friends. There are many rental properties in Melbourne close to all of our Monash College campuses. Choose a place that’s close to your campus, and make sure you visit the property before you sign the lease or pay a deposit.

This is a good option if you’re comfortable living on your own or have lived in Melbourne for a while.

Properties in Melbourne may be unfurnished, partially furnished or fully furnished. Telephone, internet and electricity costs are generally not included, so you’ll have to allow for that in your budget

www.realestate.com.au
www.domain.com.au
www.discover.student.com/monash-college
At Monash College, we understand that it can be hard to leave home and adjust to a new country. That’s why we have a dedicated under-18 guardianship team specialising in supporting younger students settle into life in Melbourne. By offering our guardianship service, we’re confident our students receive the best possible care and support.

monashcollege.edu.au/under-18

HERE’S HOW IT WORKS

1. **Apply for Monash College**
   Once you receive an offer for Monash College, you’ll be sent an under-18 guardianship and accommodation form that must be completed and submitted when accepting your offer.

2. **Select your preferred guardian option**
   Every student under 18 needs to have a guardian – someone who’s responsible for you until you turn 18. Your guardian can be:
   - a Monash College under-18 guardian
   - a parent or relative approved by the Department of Home Affairs.

3. **Choose your accommodation**
   Before you arrive, we’ll also need to approve your accommodation. You can choose to live:
   - with a person who’s your Department of Home Affairs-approved guardian
   - at approved off-campus student accommodation
   - with a Monash homestay family
   - on-campus at Clayton.

4. **Complete the under-18 guardianship and accommodation form**
   Once you’ve selected your guardian and received confirmation of approved accommodation, you’ll need to complete the form and return it along with Part B of your offer letter to confirm your place. When we’ve approved your form and received your deposit, we’ll send you a Confirmation of Appropriate Accommodation and Welfare and a Confirmation of Enrolment so you can arrange your student visa.

5. **Meet your guardian**
   Before you arrive, you’ll receive an email introducing your guardian. This email will also help you with your first few weeks in Melbourne. You’ll receive important information about airport transfer, enrolment and orientation.

6. **Ongoing support**
   Throughout your time at Monash, you’ll meet your guardian every two weeks, or more often if you need to. Your guardian will help you with:
   - organising your orientation
   - opening a bank account
   - arranging medical appointments
   - supporting you during emergencies
   - speaking to your teachers to keep track of your attendance and academic studies
   - updating your parents as requested.

7. **Turning 18**
   When you turn 18, you’ll no longer need a guardian or have to live in Monash-approved accommodation. This is an exciting time, and your guardian will help you plan ahead and prepare for this transition. At this time we’ll help you identify the Monash College teams who’ll support you until you enter the University.
ENJOY THE JOURNEY

Your Monash College life isn’t just about study and learning. It’s about meeting people, participating in different activities and having fun. If you find the right balance between study and relaxation, you’re more likely to succeed, so make sure you get involved. The Student Engagement team arranges a number of on-campus and off-campus events and day trips, and provides you with general advice and support during your time at Monash College.

Orientation
No matter what pathway you’re studying at Monash College, they each have their own tailored orientation program. During orientation you’ll receive information about Monash College and your chosen course. Orientation isn’t just about receiving information, though. There are lots of great opportunities for you to meet fellow students and to create lasting friendships. Orientations often include activities such as student fairs, competitive team-building activities, excursions and much more! Orientations are a must if you’re wanting to properly prepare yourself for life at Monash College.

Leadership opportunities
Become a student leader among your fellow classmates. You’ll receive training to develop the communication and leadership skills that will help you in your future career. You’ll also have the opportunity to attend conferences and take part in leadership opportunities, guided by the Student Engagement team.

Recreation program
As a Monash College student, you have access to a range of on and off-campus activities. It’s an easy way to meet other students and have fun while seeing the sights of Melbourne and Victoria and, of course, making friends. monashcollege.edu.au/recreation-program

On-campus events
Each Monash College campus hosts regular social events to encourage interaction and inclusiveness. Take part in the activities and celebrations that make up Melbourne’s multicultural community, such as Lunar New Year, Harmony Day, Easter, Eid Festival and Halloween. Other events throughout the year include mental health and wellbeing days, movie nights and special games nights at each Monash College campus.

Off-campus events
Monash College also arranges the opportunity for you to visit popular Melbourne attractions and events, including the Australian Open, Healesville Sanctuary, Yarra Valley Chocolaterie and Ice Creamery, Dandenong Ranges and Sovereign Hill.

Student clubs and societies
Monash College’s clubs and societies are organised by students, for students. Whatever you’re interested in – academic, cultural and spiritual, or special-interest clubs – we have something for you. Monash College students can also join a range of Monash University clubs.

Basketball  Arts and crafts  Gaming
Soccer    Drama        Movies
Guitar    Chess       Mechatronics
Yoga      Cooking     Photography

WEEKLY DROP-IN SESSIONS
Come and talk to us about anything that’s on your mind. Students ask us about their health insurance, accommodation and studies – or even how to use their myki (travel card for local train, tram and bus). Remember, we’re always here to help.
THE BEST YOU

Our commitment is to support you to achieve your best. To help you along the way, our dedicated learning and career support services are available to make sure you’re on the right path to Monash University.

Academic and learning support
- Support to help you prepare for your assessments
- Academic workshop sessions for additional support outside of the classroom
- A range of free online resources
- Organised peer support sessions where you can learn from your peers and classmates
- Questions? Our student administration team can assist you with enrolments, fees, exam dates or attendance.

Course and career support
Now is the perfect time in your life to discuss course and career options for your future. When you start your course, you may have questions about what degree to study and what careers it can lead to.

Career advisors are here to make sure you leave Monash College and embark on your University journey with a career plan tailored for you. Talk to them about:
- course and career advice
- subject selection
- leadership and volunteering options
- scholarship applications
- applying for a part-time job.
WELLBEING AND SAFETY

To be a successful student, you need to feel supported in all areas of your life. That’s why your health and wellbeing is a priority at Monash College. If you have problems or concerns, our professional staff will give you the help and support you need to ensure your wellbeing.

Counselling
Student counsellors are available at each Monash College campus. They offer free, confidential counselling to help you with personal, academic or emotional challenges. If you’re feeling lonely, homesick, stressed, anxious or sad, it helps to talk to someone. Our counsellors are here for you to help choose strategies to solve the problems or cope better with difficult things in your life.
monashcollege.edu.au/life-at-monash-college/under-18s

Under-18 support
If you’re under the age of 18, your Monash College guardian is always available for advice and support. For parents, we assure you that Monash College specialises in helping students settle into life in Melbourne. We understand that students under 18 need a bit of extra care and support.
monashcollege.edu.au/life-at-monash-college/student-support
For more information about under-18 support, refer to page 14.

Safety
While Melbourne is considered one of the world’s most liveable cities, your safety and security is of paramount importance to us. Every Monash campus is protected by security officers. We provide briefings, guidelines and support to make sure students are safe in our city while settling into Monash College.
After-hours support is available to all Monash College students. Whether you’ve lost your wallet, been locked out of your accommodation, or you’re not sure how to get home, our helpline is available for you to call.
Monash College offers two academic pathways into Monash University undergraduate degrees: Monash University Foundation Year and Monash College Diplomas. All you need to do is decide which one is best for you.

**BOTH OPTIONS**
- Provide guaranteed entry into Monash University
- Demonstrate our teaching style
- Have multiple intakes a year to align with your high school exams
- Use technology to make learning more interesting and practical
- Have proven success in developing high-performing graduates.

**BENEFITS OF THE FOUNDATION YEAR PROGRAM**
- Flexibility to choose your subjects
- There are no subject prerequisites for entry into the program
- Change your destination degree at the end of the program
- Enter into first year of all 10 faculties at Monash University
- It’s the only Monash pathway into degrees in Medicine, Nursing and Health Sciences, Pharmacy and Laws.

**BENEFITS OF THE DIPLOMA PROGRAM**
- Specialise from day one – only study subjects related directly to your University degree
- Flexible entry and exit points
- Fast-track your studies by studying three trimesters a year
- Located within the Monash University campus so you can enjoy the University facilities
- Direct pathway into second year of related degrees.

---

1 Entry requirements to Monash College and Monash University apply.
2 Majority of diplomas provide a direct pathway into second year of related degrees at Monash University.
First, think about what you want to study at university. Align your interests with a Monash University degree.

Compare your Monash College pathway options (into university) and decide which one suits you best.

Once you’ve decided on your pathway, check the entry requirements for Monash College (page 58).

You’re now ready to apply! monashcollege.edu.au/how-to-apply
YOUR FUTURE IN

ART, DESIGN AND ARCHITECTURE

The work of artists, designers and architects is everywhere. It shapes the way we live, how we interact with our surroundings, and our visual landscape. With a degree from Monash Art, Design and Architecture, you’ll begin your journey towards a lifelong creative career where you can make a meaningful contribution to people’s lives, locally and globally.

monash.edu/mada

Choose your Monash College pathway

Monash College offers two pathways into Art, Design and Architecture degrees at Monash University.

Both programs offer guaranteed entry into your chosen degree, provided you meet the set entry requirements and prerequisites. It’s important you choose the program that suits you best.

Explore your pathway: monashcollege.edu.au/design
I was always interested in working in a creative industry, but at the time I was still unsure as to which career path I wanted to take. The Diploma of Art and Design course at Monash College allowed me to explore the multidisciplinary nature of design and the limitless opportunities of what I could become. It allowed me to develop the skills necessary at university level. I was well-prepared for Monash University, and my first job as an interior designer at PTID."

MEET MOHAMAD
THIS IS HIS MONASH COLLEGE PATHWAY:

2014
DIPLOMA OF BUSINESS

2015
BACHELOR OF BUSINESS (MARKETING)

2018
MARKETING COORDINATOR

My experience at Monash College gave me the platform to develop the skills necessary for university studies. I was able to experience what it would be like in real-life working situations such as public speaking, working on presentations and working in a group environment. By acquiring these skills, I was able to secure a position as a marketing coordinator at an energy and gas company here in the city of Melbourne.”

MOHAMAD HAEKAL IRSANANDA (INDONESIA)
MEET ANITA
THIS IS HER MONASH COLLEGE PATHWAY:

2012
FOUNDATION YEAR

2013
BACHELOR OF PRIMARY AND SECONDARY EDUCATION

2018
CURRENTLY EMPLOYED AS A PRIMARY SCHOOL TEACHER

One of my favourite memories about Monash College was the teachers who taught me. They were incredibly supportive, understanding and, most of all, encouraging. I learnt a great deal from them about being a good teacher.”

MENGYAO ANITA LIU (CHINA)
YOUR FUTURE IN
EDUCATION

The world needs teachers and educators with knowledge, passion, ideas and commitment. At Monash, you’ll join a community that believes education can change lives. You’ll explore education theory and practice, and how to best teach different ages, abilities and needs. You’ll help every learner open doors to new ideas, possibilities and skills.

monash.edu/education

Choose your Monash College pathway
Monash College offers two pathways into Education degrees at Monash University.

Both programs offer guaranteed entry into your chosen degree, provided that you meet the set entry requirements and prerequisites.

YOUR FUTURE IN
ENGINEERING

Great engineers are so much more than just their skills — they’re planners, leaders, team players and communicators. At Monash, our engineering courses aim to produce highly-skilled engineers who are ready for life, ready for work and ready for the world. Engineers are key to the development of society and solving the challenges faced by the planet, such as climate change, natural resources depletion, food shortages and increased energy demands.

MEET ROHAN
THIS IS HIS MONASH COLLEGE PATHWAY:

2015
DIPLOMA OF ENGINEERING

2016
BACHELOR OF CHEMICAL ENGINEERING

First year at Monash College was a great experience. I made a lot of friends and transitioned smoothly from high school into a different learning environment. Getting into university felt like a big jump, but I also felt prepared after having just completed my Monash College Diploma.”

ROHAN D’SOUZA (INDIA)
I found out that Monash College offered a pathway into Monash University, and through this pathway I was able to successfully enter the Bachelor of Computer Science. My time at Monash College was the perfect stepping stone into university. Through my diploma studies, I was able to learn a great deal about the fundamentals needed at university. Also, I joined a few clubs during my time at Monash College and university that allowed me to gain confidence working in groups and public speaking.”

REYNALD NIXON (INDONESIA)
YOUR FUTURE IN

INFORMATION TECHNOLOGY

Information Technology (IT) is fast-paced and ever-changing. More than ever, people and organisations are seeing opportunities to leverage IT, and as an IT professional you’re a vital part of this transformation. At Monash, we’re in the business of discovering how IT can help meet the key global challenges of the 21st century.

Monash College helped shape me into a confident person. It was through the Foundation Year pathway that I developed the confidence needed to successfully contribute in tutorials and lectures at university. The classes at Monash College were interactive, engaging and provided a solid foundation for the research and critical-thinking skills necessary in university.”

LUCINDA LIM WEN LI (MALAYSIA)
MEET SHELLEY
THIS IS HER MONASH COLLEGE PATHWAY:

2016
FOUNDATION YEAR

2017
BACHELOR OF MEDICAL SCIENCE
AND DOCTOR OF MEDICINE

I knew since I was 15 that I wanted to pursue medicine and become a doctor, and the Monash College program allowed me to pursue the subjects I enjoyed in preparation for the course of my dreams. The fact that assessments were progressive also encouraged consistency in revision, which helped me to develop this good habit that I still maintain at university.”

SHELLEY TAN LI CHER
(SINGAPORE)
YOUR FUTURE IN
MEDICINE, NURSING AND HEALTH SCIENCES

Monash Medicine, Nursing and Health Sciences is a leading provider of education for doctors, nurses and allied health professionals in Australia. All our courses are specialist degrees, so you'll get to focus on your chosen area of study from day one.

You'll study alongside students from more than 90 countries, and access all areas of health. Whichever course you choose, you'll have the satisfaction of helping build a healthier world.

monash.edu/medicine

Your Monash College pathway

Our Foundation Year is the only guaranteed pathway into Medicine, Nursing and Health Sciences degrees at Monash University. All you need to do is satisfy the entry requirements and prerequisites. For courses that only offer a limited number of places, the entry score listed is indicative.

Best preparation for success

Medicine, Nursing and Health Sciences degrees at Monash are in high demand and have limited places. To provide you with the best preparation for success in your future course, you’ll have access to:

- six dedicated science laboratories, designed by Monash
- a wide variety of subjects to ensure you meet the subject prerequisites for your degree of choice
- the option to complete up to two bonus units to help boost your final Foundation Year score
- additional Mathematics and Chemistry support to help you achieve the score you need
- tours of the Clayton and Peninsula campuses to see the faculty’s facilities and meet teaching staff and students
- faculty representatives and on-campus career advisors who can provide one-on-one advice about the courses available.

MEET FENGYUE
THIS IS HER MONASH COLLEGE PATHWAY:

2015
FOUNDATION YEAR

2016
BACHELOR OF
PHARMACY (HONOURS)

Being a pharmacist was always my preferred career. Monash College and Monash University have a good reputation in pharmacy studies globally. I’m so appreciative of the experience that I gained while at Monash College. The classes and courses you take will develop the necessary skills needed for university and your career.”

FENGYUE HU JENNY (CHINA)
YOUR FUTURE IN

SCIENCE

We’re facing a wide range of complex challenges – environmental pressure, climate change, booming population and an ever-changing technological, economic and social landscape. With a Monash Science degree, you’ll become a future innovator, creating solutions that could change the world. Your time at Monash will be filled with lab work, field trips, industry placements and classroom teaching. You could find yourself on a field trip searching for fossils in Antarctica, or developing a new life-saving vaccine – the possibilities are endless.

MEET CHULANI
THIS IS HER MONASH COLLEGE PATHWAY:

2014
FOUNDATION YEAR

2015
BACHELOR OF SCIENCE

I decided to choose Monash College Foundation Year because it allowed me to choose Science subjects. My favourite thing about studying at Monash College was the teaching style, which was vastly different to what I’d experienced in my home country. Students are encouraged to learn in ways that will benefit them at university – it was something that I really did enjoy.”

CHULANI JITHMA KALUARACHCHI
(SRI LANKA)
Prepare for success at Monash University with direct entry into undergraduate degrees for all 10 faculties.

The Monash University Foundation Year is a pre-university program with proven success in preparing international students for Monash University. As a Foundation Year student, you’ll develop your academic and English skills to the level expected of Monash University students, while studying subjects that prepare you for your future undergraduate course.

Our supportive environment and dedicated teaching and support staff will guide you each step of the way, helping you to achieve your academic potential.

monashcollege.edu.au/foundation-year

STANDARD PROGRAM
(12 months)
CRICOS: 071178G
The Standard Foundation Year Program is the most popular among our students. It offers the widest range of subject choices, helping you to enter all 10 Monash faculties. After successfully completing the Standard Program and achieving the set requirements, you’ll have guaranteed entry into first year at Monash University.

Foundation Year is taught over two semesters. Each semester you’ll complete a minimum of four units, including English, which is compulsory. You’ll also have the option to complete a bonus unit each semester, which could help you increase your final score.

ALTERNATIVE PROGRAMS

Intensive (9 months)
CRICOS: 071180C
Intakes: March and August
If you have strong English language skills and high academic marks, you could choose to enrol in our accelerated semester 1, delivered over 11 weeks with no final exams. You’ll complete four units – English and three electives. Then, in semester 2, you’ll join your classmates in the Standard Program, completing four units – English and three electives – with the option of adding a unit for bonus marks.

Subject options in semester 1 are limited, but will allow you to satisfy the prerequisites for all destination degrees.

Extended (18 months)
CRICOS: 072824G
Intakes: March and August
The 14-week extended semester gives you additional support in the areas of Maths, Chemistry and English. This option is recommended for those who don’t have a strong background in these subjects or who are looking for additional academic support.

During the Extended semester, you’ll complete four Extended units to build your confidence and academic skills. These units don’t contribute to your final score, but will prepare you for success when you enter the standard program.
WHAT YOU’LL STUDY

We offer 13 subjects as part of the Foundation Year program. Each subject is offered in two parts:

- Unit 1 introduces you to the subject area and key themes
- Unit 2 expands your knowledge and understanding.

To successfully complete Foundation Year, you must complete:

- Units 1 and 2 of English (compulsory subject)
- Units 1 and 2 of at least two other subjects
- Two additional units (stand-alone units or paired subject units).

Each subject has a set of learning objectives aligned with the requirements for Monash University undergraduate degrees. Our curriculum combines essential theory and practical knowledge with the four skills critical to your future studies and your career: critical thinking, problem-solving, communication and collaboration.

Please refer to page 42 for subject overviews.

Assessments

Assessments take place throughout the two semesters to provide regular feedback to you about how you’re progressing with your learning, your areas of strength, and areas that need improvement. Assessment may be a combination of assignments, class participation, presentations, lab investigations and reports. Assessments make up 70 per cent of your final mark and 30 per cent will be based on your final exam. By week three you’ll have completed your first assessment. Based on your results, your teacher will help you identify areas of strength and those that need improvement.

ENJOY A MUSICAL BOOST TO YOUR FOUNDATION YEAR

As part of Foundation Year, Monash College offers Music as an academic subject. For those who already have a strong musical ability, this could be a great opportunity to boost your results while channelling your passion. The subject provides additional tuition to improve your skills, and our Bourke Street campus has fantastic music facilities. Our practice rooms are available for you to use at any time, and they suit almost every instrument and vocalist.

Research has shown that music has many benefits – most of which can help with your academic development. Studying a creative art form such as music can help improve your memory, concentration, study routine and even your reading skills.

“The music program at Monash College during my Foundation Year made a positive impact on my studies. Practicing music allowed me to relax, and my teachers were so encouraging, providing me with useful skills and techniques.”

ZIYAN ZHANG
Foundation Year (2018), Bachelor of Psychology (Honours) (2019)

DID YOU KNOW?

Monash University Foundation Year is accepted by all Australian and many international universities.
# Foundation Year Subjects

The Foundation Year offers 13 subjects for you to choose from. For full subject outlines, visit monashcollege.edu.au/foundation-year-subjects

## English

**English (compulsory)**

English develops your language, research, organisational and study skills to prepare you for tertiary education in Australia. You’ll learn how to speak confidently, listen, understand and analyse ideas, and become a strong reader and writer of academic English.

## Mathematics

**Fundamental Mathematics**

Fundamental Mathematics develops the mathematics skills relevant for future study and careers across a variety of sectors. There’s a focus on understanding the world through patterns and relationships, development of financial skills, and data analysis.

**Mathematics**

In this subject, you’ll develop the critical, logical and communicative skills to solve real-world problems using higher-order mathematical concepts. Topics covered include functions, inverse functions and graphs, derivatives, integration, probability, and probability distributions and statistics.

**Advanced Mathematics**

This subject is the answer to 'why'. You’ll gain lifelong transferable mathematical skills by applying higher-order thinking and exploring sophisticated ideas for real-world scenarios. You’ll learn to explore, explain and link essential mathematical concepts by applying elegant mathematical techniques. Topics include trigonometry, complex numbers, matrices, vectors, conics, differentiation and integration techniques, differential equations, kinematics and vector calculus. To study Advanced Mathematics, you must also study Mathematics or have already passed Mathematics.

### Recommended for Engineering

- Commerce, Engineering, Biomedical Science, Computer Science, Pharmacy
- Business, Nursing, Information Technology, Education

*Note:* You can’t study both Fundamental Mathematics and Mathematics, or Fundamental Mathematics and Advanced Mathematics.

## Arts and Humanities

**Contemporary Issues**

This course will open your mind to your role as a citizen of the world, especially in the areas of health and sustainability. You’ll learn how to be a critical consumer of the media, how to use reasoning to build arguments, and develop your critical thinking and problem-solving skills.

**Global Studies**

Global Studies helps you understand the economic, political and cultural links that connect people and countries around the world. You’ll explore events, issues and influences that have increased interactions between countries. You’ll also learn how different countries react towards globalisation, and the forces that influence it.

**Music**

In Music, you’ll perform, create and study music from a range of periods and genres. Instrumentalists will study baroque, classical, romantic and 20th-century music, while vocalists will focus on folk, jazz, pop and musical theatre. You’ll perform technical works and develop solo and ensemble performing skills while also learning the history of music and music theory. To choose Music as a subject, you should have a practical instrumental level of Grade 6 ABRSM or equivalent, and be able to read music.
HOW DO I CHOOSE MY SUBJECTS?

You’ll need to choose your subjects before you arrive. Here are some key points to consider:

1. You must study English.
2. You can choose three or four other subjects each semester.
3. Check the prerequisites of your destination degree. See page 62.
4. Consider studying a mathematics subject. This will give you more options to study Monash University degrees.
5. Confirm your subject selection during orientation with helpful advice from our career advisers.

**BUSINESS**

**Accounting**

Accounting is the process of collecting and recording financial data, in order to report meaningful financial information. It plays an important role in the successful operation and management of any business. To be successful, accountants need to be problem-solvers, critical thinkers, communicators and organised individuals.

**Economics**

Economics is the study of making choices about resources. We have limited resources, and they need to be allocated to satisfy people’s needs and wants. Economics is critical to understanding why individuals, businesses and society behave the way they do. The quality of economic decisions being made influences national and worldwide living standards. You’ll develop an understanding of both microeconomics and macroeconomics.

**SCIENCE AND TECHNOLOGY**

**Biology**

Biology is the study of living things. You’ll gain an understanding of the natural world and the role humans play within it. This course explores the structure and function of cells and organisms, how they respond to their environments, and how living things evolve.

**Chemistry**

Chemistry looks at the structure and properties of matter. You’ll develop your knowledge of fundamental concepts such as atomic structure, bonding, states of matter, equilibrium and thermochemistry. Building on this knowledge, you’ll then investigate the development of new medicines, energy sources and materials for a sustainable future.

**Physics**

In Physics, you’ll learn about the laws governing the universe, covering topics such as the laws of motion, forces, energy, momentum, circular motion, gravitation and the properties of materials. Physics is an experimental science, and you’ll participate in laboratory work. Further studies cover light, waves, electricity and magnetism, and atomic and nuclear physics.

**Information and Communication Technology**

In Information and Communication Technology, you’ll convert data into information using a range of software applications. Projects include game creation, film-making and multimedia presentations.

**INTENSIVE UNITS**

Choose from:

- English (compulsory)
- Mathematics or Fundamental Mathematics
- Global Studies
- Chemistry
- Accounting
- Economics
- Information and Communication Technology

**EXTENDED UNITS**

- Extended English (compulsory)
- Ideas and Communication (compulsory)
- Foundation for Calculus or Mathematics in Context (compulsory)
- Chemistry and Life
- Business Enterprise
- A Digital World

1 Subject to student numbers.
Specialise from day one with a Monash College Diploma and fast track to second year of Monash University.

**DIPLOMA**

Our Diploma programs offer international students guaranteed entry into second year of their preferred Monash University undergraduate degree. All you need to do is pass all of your units and meet the set entry score and subject prerequisites.

We offer five diplomas leading to degrees in:

- Art, Design and Architecture
- Arts, Humanities and Social Sciences
- Business and Commerce
- Education (double degrees with Arts, Business and Science only)
- Engineering
- Information Technology
- Science.

**Course structure**

The Diploma Program is offered in two parts – part 1 and part 2. Where you start will depend on your academic results.

**Diploma Part 1**

- **Australian Year 11 or Equivalent**
- **February, June, October**
- **Four to seven hours a week, per unit**
- **A$26,800 to A$32,000**

**Diploma Part 2**

- **Australian Year 12 or Equivalent**
- **February, June, October**
- **Four to seven hours a week, per unit**
- **A$26,800 to A$32,000**

Upon completion of part two, you’ll enter first year (second semester) of Monash University Fine Art or Architectural Design.

1 Upon completion of part two, you’ll enter first year (second semester) of Monash University Fine Art or Architectural Design.
Curriculum
What you study during the Diploma is directly related to what you’ll study during your degree course. Part 1 will introduce you to the theories and concepts required for your part 2 studies. In part 2 you’ll study the same units as first-year students and complete equivalent assessments.

Teaching style
The style of teaching at Monash University is different to what you’re used to. As a Diploma student, you’ll study in a supportive college environment. There are no large lectures or classes, and you’ll have access to your teachers and resources outside of class.

Lectorials
Learn about a topic by listening to your lecturer presenting the content and asking you questions. You’ll be expected to interact with the session by participating in online polls and activities.

Tutorials
Apply the knowledge you’ve learnt in a classroom format. Your teacher will lead the discussion and ask questions. You’ll work on individual projects and complete group activities.

Laboratories
Solidify your learning through practical lab classes. Science students have access to use Monash University chemistry, physics and biology laboratories. We also have computer laboratories within Monash College facilities for Art and Design, Engineering and IT students.

Assessments
Your assessments will be different depending on which Diploma you study. For each unit you can expect to complete a series of internal assessments in class, group or individual assignments or presentations, and an exam.

For a full list of assessments, download the unit guide for your chosen diploma on the Monash College website: monashcollege.edu.au/diploma

Transition to Monash University
As a Diploma student, you’ll have opportunities to meet a representative from your future Monash faculty and ask questions. You’ll also have access to on-campus career advisers who can help you with any decisions you need to make.
**DIPLOMA OF ART AND DESIGN**

**CRICOS:** 045084G

Our Diploma of Art and Design prepares you for a course in Fine Art, Architecture or Design at Monash University. After successfully completing a Monash College diploma, meeting the subject prerequisites and achieving the required destination course score, you’ll have guaranteed entry into first or second year at Monash University.

You have a choice of five streams, depending on which course you’d like to study at Monash University:

- Architectural Design
- Communication Design
- Fine Art
- Industrial Design
- Spatial Design.

In part 1, you’ll develop the requisite skills in art and design principles, theory and production. In part 2, you choose your area of specialisation and study the same units as first-year University students.

**Assessments:** essays, in-class tests, projects and presentations.

1. This unit can also lead into a collaborative design major.
**Diploma of Arts**

**CRICOS: 061625F**

The Diploma of Arts is your pathway to an Arts course at Monash University. If you’re inspired by new ideas, social and political issues, language and the way literature, history and communication shapes our world, then our Diploma of Arts could be for you.

In part 1, you’ll study core Arts subjects. In part 2, you’ll choose your stream and study the same subjects as first-year University students.

- **Psychology stream** – for students who’d like to complete a major in Psychology or become a psychologist.
- **Sociology stream** – for students considering majoring in Communication, International Relations or Media Studies.

**Assessments:** essays, group projects, presentations, research papers and a final exam.

**INTERESTED IN COMBINING YOUR DIPLOMA OF ARTS WITH EDUCATION?**

Complete an Education specialisation as part of your Arts diploma and you could be on your way to a double degree in Education and Arts. See page 50.

[monashcollege.edu.au/education-studies](monashcollege.edu.au/education-studies)

---

**TRISH CAP**

Unit Leader and Lecturer
Diploma of Arts

We use technology as part of our teaching. This helps you apply what you’ve learnt to the real world. We use Google Forms and Quizlet to quiz you on the lecture content. This provides us with real-time, statistical feedback on your understanding.”
The Diploma of Business is your first step towards gaining your Monash Business or Commerce degree. You’ll learn how to work independently, think critically and make analytical decisions, while being introduced to the business concepts and theory you’ll need for University.

There are two streams on offer:

- **Business stream** – popular with students who are interested in a Business course majoring in Banking and Finance, Marketing and Accounting.
- **Commerce stream** – requires a higher level of mathematics and leads to majors in areas such as Economics, Finance, Actuarial Studies and Accounting.

In part 2, you’ll study the same subjects as first-year University students and develop your specialist knowledge of Business or Commerce.

**Assessments:** business reports, class presentations, regular tests, group assignments and a final exam.

- Functions and their Applications (Commerce stream) 1 |

---

1 This unit is compulsory for students who’ve entered the Diploma of Business on a lower Mathematics prerequisite.

---

**DID YOU KNOW?**

When you package the Diploma of Business with the Bachelor of International Business, you could be ready to start your career in just two years!

monash.edu/bib
To explain marketing concepts, we use real-life examples of products and brands, such as Coca-Cola, Honda and Apple. Teachers bring sample products to class, and use the internet and videos to show how marketing is used in practice. With this approach, you can understand how the theory works in the market. It helps you learn, as you can relate to your own shopping and buying decisions.”

SURESH PERERA
Teaching and Learning Team Leader
Diploma of Business
If you’re interested in a career in education, consider adding an Education specialisation to your Arts, Business or Science diploma. By completing the Education specialisation, you have the opportunity to enrol in an Education double degree and build a career that truly changes lives.

The Education specialisation is completed with part 2 of the Diploma of Arts, Business or Science. Over eight months you’ll complete eight units – six from your primary diploma and two Education studies units. You’ll also complete 10 days of professional work placement in a local primary school.

At the end, you’ll be eligible for a double degree in Education and Arts, Business or Science.

Assessments: primary diploma assessments (see Diploma of Arts, Business or Science), reports, attendance diaries, and assignments for education units.

</table>

**Additional requirements:**

* All teachers in Australia require a Working with Children Check. You’ll need to apply for this during the first few weeks of your diploma.
* All applicants must sit CASPer. CASPer is a requirement for many teacher education courses in Victoria. It’s an online tool designed to assess an applicant’s personal and professional attributes. CASPer can only be taken online, on specific dates between September and February. To register for your sitting or for further information, visit takecasper.com, and to ensure you meet the CASPer deadlines for your application, visit takecasper.com/dates-times
* Successful completion of the Literacy and Numeracy Test is a requirement of the Education double degree. We’ll help you prepare, so you can choose to sit the test while at Monash College or once you’ve at Monash University. Find out more at teacheredtest.acer.edu.au/
DIPLOMA OF ENGINEERING

CRICOS: 043634K

The Diploma of Engineering will prepare you for success in your Monash Engineering course.

In part 1, you’ll learn about the maths and science theory. In part 2, you’ll study the same subjects as first-year University students and develop your specialist knowledge of engineering and the practical skills you’ll need for University.

Assessments: laboratory work, tests, quizzes, group projects, presentations, poster presentations, tutorial assessments and a final exam.

T3 FAST TRACK

Start the Diploma of Engineering in October and you could fast track and complete your diploma in just eight months. You’ll be ready to start second year at Monash University in July. To be eligible for the Trimester 3 Fast-Track Program, you must meet the required scores to enter a first-year undergraduate Engineering course.

monashcollege.edu.au/diploma-engineering

Our Engineering curriculum is designed to foster critical thinking, problem-solving, analytic capabilities, curiosity and imagination. You’ll participate in practical activities – in the design units you’ll use spaghetti to build a bridge!

SEL SATHIYAKUMAR
Senior Team Leader
Diplomas
DIPLOMA OF ENGINEERING
(INFORMATION TECHNOLOGY STREAM)

CRICOS: 043634K

The Diploma of Engineering (Information Technology stream) is the first step towards gaining your Monash IT degree. Information technology is central to every industry – creating more efficient ways to work, engaging ways to reach customers, and establishing powerful ways to communicate. By studying IT, you’ll have the skills you need to succeed in the fast-changing world of technology.

Our diplomas are in two parts. In part 1, you’ll learn about the maths and science theory and practical skills you’ll need for University. In part 2, you’ll study the same subjects as first-year University students and develop your specialist knowledge of IT.

Assessments: tests, quizzes, group projects, presentations, poster presentations, tutorial assessments and a final exam.

CONSIDERING A CAREER IN TEACHING?
Complete an Education specialisation as part of your Science diploma and you could be on your way to a double degree in Education and Science. See page 50.

monashcollege.edu.au/courses/diplomas/education-studies

---

¹ Completion of unit MCD4490 Advanced Mathematics may be required if you intend to study Mathematics in your Bachelor of Science.
² Completion of unit MCD4500 Mathematics for Engineering may be required if you intend to study Mathematics in your Bachelor of Science.
Studying English at Monash College not only helped me develop my language skills, but also taught me how to work well within a team. Our projects involved planning and a lot of discussions, which gave me the chance to improve my speaking and listening skills. My teachers were friendly and provided lots of great feedback to help me learn and grow."

THANH HUYEN LE (VIETNAM)
ENGLISH FOR FOUNDATION YEAR

Our Monash English course is ideal if you don’t meet the English requirements for Foundation Year. When you apply, you’ll automatically receive an offer for Monash English outlining the number of weeks you’ll need.

MONASH ENGLISH (ME)

Why study Monash English?
• Monash English provides a direct pathway to Foundation Year, without the need to sit an IELTS (or equivalent) test
• It’s easy to apply and you’ll receive a packaged offer for Monash English Foundation Year and Monash University
• Experience the Monash style of learning, giving you an advantage when you start Foundation Year.

Course content
As a Monash English student, you’ll develop the skills required to prepare you for Foundation Year.
• Communicate confidently in English
• Give presentations, have discussions and work in a group
• Improve your grammar, vocabulary and pronunciation
• Improve your writing, reading and listening skills
• Take useful notes
• Learn how to respond to feedback
• Become an independent learner.
ENGLISH FOR DIPLOMAS

We offer two English pathways into our Diploma programs. Which one is right for you depends on your current English language proficiency.

If you don’t meet the entry requirements for Monash English Bridging for Diplomas, you’ll be offered a place in our Monash English course.

MONASH ENGLISH BRIDGING (MEB) FOR DIPLOMAS

Why study Monash English Bridging for Diplomas?
• The curriculum is designed for Diploma students and is aligned with the skills you need to succeed at Monash University
• After successfully completing MEB, you’ll directly enter the diploma – no need for an IELTS or other tests
• Benefit from learning language terms specific to your diploma study area
• MEB for Diplomas is only for diploma students, so you’ll make friends with your future classmates before you even begin.

Course content
As a Monash English Bridging for Diplomas student, you’ll develop the skills required to prepare you for your Diploma program.
• Communicate effectively in social conversations, academic discussions and presentations
• Improve your grammar, vocabulary and pronunciation
• Improve your writing, reading and listening skills
• Understand, apply and explain theories in your diploma area
• Write summaries and short reports in an academic style
• Understand and use Australian academic conventions
• Learn how to respond to feedback
• Become an independent learner.

Monash English (ME)
If you haven’t met the English requirements for direct entry into the Foundation Year program, you may be eligible for Monash English. Duration is dependent on your English proficiency and preferred course. If you haven’t completed one of the English proficiency tests listed above, you should consider the Monash English Placement Test.

Monash English Bridging (MEB) for University
If you haven’t met the English requirements for entry into the University, you may be eligible for Monash English Bridging (MEB) for University. Upon successful completion, you’ll gain direct entry into your University program with no further English language testing required. The MEB for University is 10 – 20 weeks long and duration is dependent on your English proficiency and preferred course. Most Monash University courses accept MEB for University. Please check the entry requirements of your destination course.

Monash English Placement Test
This free, one-hour test is accepted for entry into Monash English. It’ll tell you how many weeks of English you need to study before you can start your destination course. And you don’t have to sit an IELTS test.

For more information, contact a Monash-approved agent or email study@monash.edu
CALCULATE YOUR INTERNATIONAL QUALIFICATIONS

AUSTRALIA
Year 11 Overall average in academic subjects.
Year 12 Final ATAR score.

CHINA
Gao Er (Senior Middle Year 2).
Overall average in academic subjects.
Gao San (Senior Middle Year 3).
Overall average in academic subjects.
Grading scales for both qualifications: 100% scale where 60% equals a pass.

HONG KONG
HKDSE (Senior Secondary 2, Form 5)
• Grading scales of A to E and Level 1 to 5: average of best five academic subjects (excluding physical education and biblical knowledge)
• Percentage Grading Scales: average of best five academic subjects (excluding physical education and biblical knowledge)

HKDSE (Senior Secondary 3)
The HKDSE has two grading scales depending on the school at which the qualification was undertaken.
Total score of the best five subjects taken from Category A and C subjects. Grading scale:
Level 1 = 1 point Level 2 = 2 points
Level 3 = 3 points Level 4 = 4 points
Level 5 = 5 points
OR
A = 5 points B = 4 points
C = 3 points D = 2 points
E = 1 point
A maximum of one bonus point is offered when achieving Level 5** or Level 5* in a HKDSE Category A subject.

INDIA
All India Senior School Certificate XI
Overall average of academic subjects.
All India Senior School Certificate Examination XII
Overall average of the best four academic subjects.
Grading scale:
A1 = 85% A2 = 80-85%
B1 = 75-80% B2 = 60-70%
C1 = 50-60% C2 = 40-50%
D = 33-40% E = below 33% (Fail)

Indian School Certificate Examination XII
Overall average of the best four academic subjects only. Grading scale:
Very good
1 = 90-100% 2 = 80-90%
Credit
3 = 70-79% 4 = 60-69% 5 = 50-59%
Pass
6 = 40-49% 7 = 35-39%
Fail
8 = Below 35% 9 = 35%

INDONESIA
SMA II Overall average of semester 1 and 2 results.
SMA III Overall average of semester 1 and 2 results.
Grading scales for both qualifications: 100% scale where 60% equals a pass.

MALAYSIA
SPM total score of the best five academic subjects.
Grading scale:
A = 9 A = 8 A = 7 B+ = 6
B = 5 C = 4 C = 3 D = 2
E = 1 G = 0
STPM total score of the best three academic subjects.
Grading scale:
A = 4.00 A = 3.67 A = 3.33
B = 3.60 B = 3.26 B = 3.00
C = 3.20 C = 2.87 C = 2.66
D = 2.00 D = 1.67 D = 1.53
E = 1.00 (Fail) F = 0.00 (Fail)
Unified Examination Certificate (UEC)
Overall average of the best five academic subjects.
See website for maximum average allowed.
Grading scale:
A1 = 85% B3 = 70% C4 = 60%
D5 = 50% E1 = 40%

SINGAPORE
Singapore/GCE O Levels
Total score of the best five academic subjects.
Grading scale:
A = 5 B = 4 C = 3 D = 2
E = 1 F = 0
Singapore GCE A Levels
Total score of the maximum of the best three H2 Level subject examinations taken in one sitting.
H2 Level grading scale:
A = 5 B = 4 C = 3 D = 2
E = 1
Two H1 Level subjects can be counted in place of one H2 Level subject. Conditions apply; please see website for more details.
H1 Level grading scale:
A = 2.5 B = 2 C = 1.5 D = 1
E = 0.5
A maximum of one bonus point is offered when achieving a “Distinction” in a H3 level subject. See website for more details.

SRI LANKA
Sri Lankan O Levels
Total score of the best five academic subjects.
Sri Lankan A Levels
Total score of the best three A-Level academic subjects taken in one examination sitting.
Grading scale for both qualifications:
A = 5 B = 4 C = 3 S = 1

UNITED ARAB EMIRATES
Year 12 General Secondary Education Certificate (Tawjihiyah)
Overall average in academic subjects.
Grading scale: 100% scale where 60% equals a pass.

VIETNAM
Year 11 – individual senior secondary school
Overall average of all Grade 11 subjects (refer to the whole year/CN column) as awarded on the final school report or transcript issued by individual senior secondary school.
Year 12 – Bằng Tốt nghiệp Trung học phổ thông (Upper Secondary School Graduation Diploma/High School Diploma)
Overall average of all Grade 12 subjects (refer to the whole year/CN column) as awarded on the official final transcript issued by individual senior secondary school.
Grading scale for both qualifications: 10 points scale where 5 equals a pass.

GLOBAL
GCE O Levels
Total score of the best five academic subjects.
Grading scale:
A = 5 B = 4 C = 3 D = 2
E = 1 (Pass) F = 0
GCE A Levels
Total score of a maximum of the best three A-Level subject examinations taken within two years.
Grading scale:
A(a) = 5 B(b) = 4 C(c) = 3
D(d) = 2
E(e) = 1
A maximum of one bonus point is offered when achieving A+ in an A-Level subject. Two AS-Level subjects can be counted in place of one A-Level subject but conditions apply. See website for details.
International Baccalaureate (IB) Diploma
Total score as awarded on the final IB Diploma.
Grading scale: 7 point scale where 4 equals a pass.

1 A minimum of three subjects are taken in one examination sitting.
2 Subject examinations taken within two years may include more than one sitting. For example, subject examinations in June 2016 until June 2018 are acceptable.
ACADEMIC ENTRY REQUIREMENTS

Entry requirements into Monash College are subject to change. Please check our website for the latest information: monashcollege.edu.au

¹ Specific scores apply; see website for further details.
² If you haven’t completed Mathematics (Australian Year 12 equivalent) during your diploma, you must complete Business Mathematics in order to meet the prerequisites for a Business degree.
³ If you want to study a degree that requires higher-level mathematics (Australian Year 12 equivalent), you must study Functions and their Applications during your diploma.
⁴ Based on a pass mark of 50%.
⁵ If you’re a Monash University Foundation Year student and want to study a diploma, you must also have an average of 60% in English for units 1 and 2.
As per the Diploma of Arts (Sociology stream) entry requirements.

As per the Diploma of Arts (Psychology stream) entry requirements.

As per the Diploma of Business entry requirements.

As per the Diploma of Science entry requirements.

6 Part 2: Engineering stream: If you haven’t completed Physics (Australian Year 12 equivalent), you must study Physics A during your diploma.

7 Part 2 IT stream: Bachelor of Information Technology (all majors) requires mathematics (Australian Year 11 equivalent). Bachelor of Computer Science requires higher-level mathematics (Australian Year 12 equivalent) and completion of higher-level mathematics units as part of your diploma.

8 If you haven’t completed Mathematics (Australian Year 12 equivalent), you must complete Introductory Mathematics for Business during your diploma. This may result in additional costs and extended duration of the diploma.
# Undergraduate Destination Degree Entry Requirements for Foundation Year

For students commencing Foundation Year in 2020.

## How to calculate your Foundation Year score

**Step 1:** Add your eight highest units passed  
**Step 2:** Divide the total by eight – the total is your Foundation Year score  
**Step 3:** Bonus points. If eligible, add 1.25% of the score of each additional unit you pass to your Foundation Year score (maximum of two bonus point units).

Note: To complete Foundation Year, you must pass (>50%) a minimum of eight units consisting of:  
* Units 1 and 2 of English (compulsory subject); AND  
* Units 1 and 2 of at least two other subjects; AND  
* Two additional units (stand alone units or paired subject units).

</table>

*Please note: Destination degrees are subject to change. Not all available destination degrees are presented in the above table. For a complete list of destination degrees and entry requirements, refer to monashcollege.edu.au/courses/foundation-year/destination-degrees

1 For some specialisations you’ll need to study at Clayton or Peninsula.

2 Australian Year 11 or equivalent mathematics may also be considered. Minimum score requirement applies.

3 Due to limited places for some degrees, fulfilling minimum entry requirements doesn’t guarantee a place.

4 For entry into some courses you may be required to provide a Working with Children Check, Police Check, International Criminal Check and comply with the Faculty Immunisation and Infectious Risk Policy.

5 All applicants must make a written submission, and if shortlisted will be invited to an interview. For further information, please visit monash.edu.au/admissions/personal-statements. Foundation Year students cannot receive a packaged offer for this course.

6 All applicants must sit CASPer. CASPer is a requirement for many of the initial teacher education courses in Victoria. It’s a non-cognitive online tool designed to assess an applicant’s personal and professional attributes. To view specialisations, visit monash.edu.au/music-auditions

7 Nursing students must be aware of their legal responsibilities regarding the administration and storage of drugs in keeping with the Drugs, Poisons and Controlled Substances Act 1981 (Vic) and the Drugs, Poisons and Controlled Substances Regulations 2006 (Vic).

8 Non-Melbourne based MUFY students must submit a recorded performance audition/composition folio in DVD format and submit the ‘Music Auditions – Offshore applicants form’ available at artsonline.monash.edu.au/music-auditions

9 Students must also complete and pass a prescribed medical and fitness assessment with an agency appointed by Ambulance Victoria. Refer to the website for further information: med.monash.edu.au/aboutus/cehpp/ugrad/clinical-placement-information.html

10 Campus transfer not available.
For Diploma students commencing their undergraduate degree in 2021.

**How to calculate your Diploma score**

To find out how to calculate your final Diploma score, visit monashcollege.edu.au/courses/diplomas/destination-degree

Please note: Destination degrees are subject to change. Not all available destination degrees are presented in the above table. For a complete list of destination degrees and entry requirements, visit monashcollege.edu.au/courses/diplomas/destination-degrees

<sup>1</sup> For some specialisations, you’ll need to study at Clayton or Peninsula. To view specialisations, visit monash.edu/study

<sup>2</sup> Students who wish to undertake the following majors during the Bachelor of Science must have Year 11 or 12 Mathematics, and enrol in both MCD4490 Advanced Mathematics and MCD4500 Engineering Mathematics: Applied Mathematics, Financial and Insurance Mathematics, Mathematics, Mathematical Statistics, Pure Mathematics.

<sup>3</sup> Successful audition required for entry.

<sup>4</sup> All applicants must of CASPer. CASPer is a requirement for many of the initial teacher education courses in Victoria. It’s a non-cognitive online tool designed to assess an applicant’s personal and professional attributes. To register for your sitting or for further information, visit takecasper.com. CASPer can only be taken online, on specific dates between September and January. To ensure you meet the CASPer deadlines for your application, visit takecasper.com/test-dates

The Diploma part 1 and 2 entry requirements published in this guide are for students commencing their undergraduate destination degree in 2021. In instances where the listed destination degree entry requirement is different to the score published at the time of a student’s initial enrolment, the entry requirements published at the time of the student’s enrolment will be honoured.
Choose your pathway
Choose your Monash University undergraduate degree, and decide whether Foundation Year or a diploma is best for you.

Check you meet the entry requirements
See page 60 for a list of entry requirements.

There are two ways to apply
Apply online
To apply online, visit monashcollege.edu.au/apply
You’ll need to complete the online form and upload all relevant supporting documents. Remember, all documents must be certified.

OR
Apply through a registered agent. To find a registered Monash agent, visit monash.edu/agents

Receive your offer
Package your Monash College course with your undergraduate degree. This means you’ll only need to apply for one student visa.

Students under 18
If you’re under 18, we’ll send you a welfare and accommodation form with your offer letter. To complete the form, you’ll need to decide:

1. Who will be your guardian?
You can choose either a parent/relative or a Monash College Guardian. If you choose to live with a parent or relative, you’ll need to download Form 157N from www.homeaffairs.gov.au and submit it to the Department of Home Affairs.

2. Where will you live?
• Off-campus student accommodation
• Homestay
• On campus at Clayton.

Accept your offer
When you accept your offer, you’ll also need to pay your deposit and Overseas Student Health Cover fee (as outlined on your offer letter). If you’re under 18, you’ll also need to pay the deposits for Monash College guardianship and accommodation.

Receive your Confirmation of Enrolment (CoE)
If you’re under 18, we’ll also send you a Confirmation of Appropriate Accommodation and Welfare (CAAW).

Apply for your student visa
See www.homeaffairs.gov.au for more information. You can also find out more about the Simplified Student Visa Framework at monash.edu.au/study/international/apply/visa

Pack your bags!
Congratulations, you’re on your way to Monash College. To make sure you’re prepared, we’ve created a checklist of things to do before you arrive. Don’t forget to arrive in time for enrolment and orientation! Visit monashcollege.edu.au/prepare-to-arrive

### COST OF LIVING IN AUSTRALIA

Before you arrive in Melbourne and begin your studies at Monash College, it's a good idea to plan and prepare a budget. Monash College follows the Australian Government recommended guidelines when it comes to the average living costs in Australia.

Below are some costs associated with living and studying in Australia (all costs are in Australian dollars), and should be used as an approximate guide. These figures are estimates only, and may vary depending on your location and lifestyle. You may also need spending money for things like medication and other personal items, such as clothes. All costs are subject to inflation.

#### LIVING EXPENSES
- **Groceries and eating out**: $80 to $280 per week
- **Gas and electricity**: $35 to $140 per week
- **Phone and internet**: $20 to $55 per week
- **Public transport**: $15 to $55 per week
- **Car (after purchase)**: $150 to $260 per week
- **Entertainment**: $80 to $150 per week

Depending on your chosen degree, additional costs may apply for class materials and other course requirements. Please make sure you check any additional costs for your course before commencing your studies.

It's important to note that all student visa holders must have Overseas Student Health Cover (OSHC) – which provides medical and hospital insurance in Australia – before you arrive in Australia. For further details, visit [monash.edu/fees/fee-types/overseas-health-cover](http://monash.edu/fees/fee-types/overseas-health-cover)
