Transforming lives
Talent alone is not enough to compete and succeed as a professional in the global economy.

Monash College is giving the next generation of professionals the capability to succeed at the next level in their career.

For 20 years Monash College has prepared the next generation of professionals, giving them the capability to succeed at the next level in their career.

We transform student lives by enabling their access to one of the world's leading universities.

Monash College delivers a range of comprehensive programs and services that align with the high quality standards of a world-class university.

We provide a range of premium programs for professionals and organisations who want to remain competitive in today’s globalised market.

Monash is Australia’s largest university and the youngest in the prestigious Group of Eight – a select group of Australian universities recognised for their commitment to research.

A contemporary institution with a global footprint and ambitions to reset benchmarks in innovation and quality, Monash is known as an ideal training ground for the internationally focussed professional.

Monash College is a wholly owned subsidiary of Monash University, Australia’s largest international university.

Early on, Monash University identified the rise of this new generation of professionals and developed a strategy that helped address its increased expectations and evolving needs. As part of the strategy, Monash College was formed to help international students prepare for the standards demanded by Monash University and the global marketplace.

Since 1994, Monash College has helped students with professional ambitions develop the capacity to succeed at one of Australia’s premier universities.

Monash College is the preferred pathway to Monash University for international students.

We have proven expertise in providing academic and English language programs to students, industry, government and international business.

Through our network of industry partners we provide work experience programs and professional placement initiatives. This network includes our campuses in Melbourne as well as five global institutional partnerships. By leveraging these relationships, Monash College is able to provide students with a world standard program and truly global approach.

There is a new class of globally-focused professionals.

The new world market is driven by ideas and leveraged through networks. It’s a market that crosses borders and crosses cultures. Success here demands people with a high level of skill and an easy fluency in the language of international business.

People who know how fast the market moves and can instantly grasp the possibilities – whatever language they’re presented in.

It comes from confidence built on the right preparation. The sort of preparation you will find at Monash College.

About Monash University

Monash graduates are ranked in the Top 40 for employability among the world’s universities, as voted by more than 4500 CEOs.

50% of international students studying at Monash enter via a Monash College pathway.

One of the world’s top 100 universities.
Our commitment to excellence.

At Monash College we continually evolve. Our programs ensure students gain the ability and confidence to take them beyond borders – beyond their own expectations.

Academic pathways

Monash College delivers educational programs that adhere to strict educational benchmarks in teaching, innovation and supported learning, delivered by highly qualified and experienced teachers. The Monash College experience helps students gain confidence in the independent learning and critical thinking styles expected at Monash University.

Monash University Foundation Year
A pre-university academic program that prepares international students for first year study at university. Developed with Monash academics, the program guarantees successful students entry into all 10 faculties.

Introductory Academic Preparation
A five-week intensive course designed specifically to prepare students who will be attending Monash University and help them develop confidence in a new language, culture and teaching style.

Trusted by IELTS
The Monash IELTS Test Centre is one of Australia’s largest IELTS test centres and is located on the Clayton campus of Monash University.

Professional services

Monash Professional Pathways
Providing a range of best practice training programs, workplace learning and vocational placement experiences, we specialise in assisting students and graduates to develop the necessary graduate employability skills and knowledge to maximise their opportunities to succeed in the global workplace.

Through our extensive network of industry partners and engagement with the broader university, Monash Professional Pathways fosters and supports graduates to successfully transition from formal education into a professional career.

70% of participants are employed in their field within six months.

Short-term study experiences
One of the most effective ways of learning a new language is through cultural immersion. Monash College has extensive experience in consulting, developing, and implementing a wide range of programs for different client groups – particularly foreign universities, government agencies and businesses. These immersion programs give participants real confidence in English while providing the opportunity to study subject specific areas in a global university setting.

Monash English
An English language course ranging from elementary level English to PhD standard professional English. The course is designed to help students gain confidence in the language and prepare for an education that requires active participation, rational argument and conceptual thinking.
