Monash English Online Module 4

Delivered by Monash College, Module 4 (ME4) focuses on building the advanced academic and study skills needed to succeed at university and beyond. You will:

Develop high-level reading, writing, listening, and speaking skills.

Learn how to conduct research, write academic reports, and present ideas clearly.

Gain confidence in participating in tutorials and discussions, while building cross-cultural communication skills.

Be fully prepared for the demands of undergraduate or postgraduate coursework and research.

Overview and Assessments

Students are assessed through quizzes, discussions, presentations, group work and written tasks to ensure readiness for university study.
