

# English and Global Careers Program

February 2021

**Monash College 100 percent owned by Monash University, Australia's largest university. We are a leader in conducting customised short courses and pre-university programs for international students.**

The English & Global Careers Program is a short-term study experience - all from the comfort of your home via our Virtual Classroom. Together with your virtual-classmates, you will develop English language and communication skills to shape your future career.

## Intermediate level

### Theme 1 – News and Opinions

Focus: Speaking and listening skills for telling stories and sharing opinions about current affairs. Introduction to the Virtual Classroom, language for engaging in an online environment, key eLearning platforms, and Australian English.

### Theme 2 - Everyday Conversation

Focus: Speaking and listening skills for everyday conversations, including expressing likes and dislikes, stopping and starting a discussion, clarifying misunderstanding, engaging in polite disagreements and catching up with friends and acquaintances.

### Theme 3 - Culture

Focus: Introduction to cultural differences, including non-verbal communication. Develop familiarity with key concepts in cross-cultural awareness, research a foreign culture in groups and deliver a structured oral presentation.

### Theme 4 - Global Careers

Focus: Business English skills, with an emphasis on communicating and working with colleagues in a more formal context. Develop skills for spoken interaction in the workplace, delivering professional presentations and applying cross-cultural awareness in a business context.

## Advanced level

### Theme 1 - International Media & Communication

Focus: The nature of media and digital information in the 21st century, using case studies on transparency and reliability in news media, the role of business in media environments and the importance of digital devices in a global media ecology.

### Theme 2 - Professional Ingenuity and Innovation

Focus: Exercising professional innovation and ingenuity in the face of complex problems, using case studies on technological improvements to urban environments and safeguarding rapidly growing populations.

### Theme 3 - Issues in Multinational Society

Focus: Fostering a sustainable mindset on issues linked with globalised business, trade, law and production, using case studies on disposable fashion and excess waste. Individual, corporate and government responsibility in multinational society.

### Theme 4 - The Global Workplace and Careers

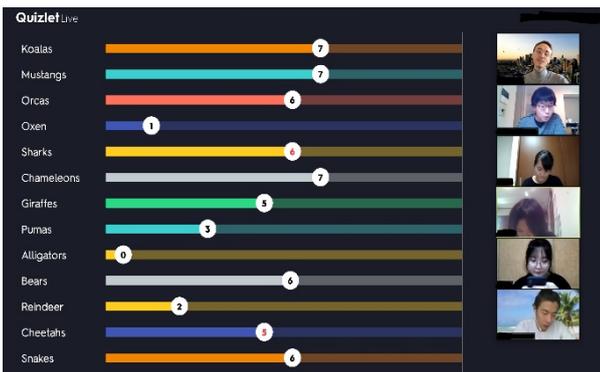

Focus: Developing Advanced Business English skills, with an emphasis on communicating with various stakeholders within and outside an organisation. Develop skills for communicating effectively in meetings and networking events, and building own personal brand to advance their professional standing and career.

## Activities:

Monash College offers a range of extra-curricular activities, which will complement the class experience;

- Language exchange with Monash students
- Clubs: Cooking, Arts & Craft
- Mindfulness Workshop
- Online interactive games

\*Actual activities are subject to student numbers and availability

## Virtual Classroom:

Using the latest video and webinar technology, the Virtual Classroom brings together interactive teacher-led sessions, discussion forums, and independent learning activities in one easily accessible Learning Management System (Moodle).

Students will receive the full classroom experience as they talk with and listen to teachers, and interact with classmates.
