IMPORTANT

It is important that you start thinking about your accommodation options as soon as you have submitted your Monash application. If you’re under 18, you will need to appoint an approved accommodation provider when submitting your application.

Your home away from home

Living in Melbourne is a big part of your student experience. There are many accommodation options to choose from and it’s important to choose the one that’s right for you.

HOW TO CHOOSE THE RIGHT ACCOMMODATION

Are you under 18?
If you are under 18 years of age when you first arrive, you will need to stay in an approved accommodation for under age students. Our approved accommodation providers are suited to younger students and offer more support and security. If you are over 18, you can choose to live in whichever provider and style suits you best. After you have secured your accommodation, you must complete the Under 18 Confirmation of Appropriate Accommodation (CIAA) form and return it to Monash College.

What experience are you looking for?
The type of experience you want to have will be an important factor in your decision making. Consider what facilities are important to you. Do you want to live with other students, participate in social activities, share facilities like a kitchen? Or you might prefer to be independent and live on your own or with a friend? The choice is yours!

Where are you studying?
Monash College courses are located at various campuses. For travel convenience, you will need to consider accommodation options close to where you are studying or within easy reach via public transport. There are train services direct from the city to Caulfield and a connecting bus from nearby railway stations to Clayton campus.

DID YOU KNOW?
A free university shuttle bus operates between the Clayton and Caulfield campuses, making it easy for you to travel between your classes and your new home.
